not one but two civil rights movements flourished in mid twentieth century texas and they did so in intimate conversation with one another far from the gaze of the national media african american and mexican american activists combated the twin caste systems of jim crow and juan crow these insurgents worked chiefly within their own racial groups yet they also looked to each other for guidance and at times came together in solidarity the movements sought more than integration and access they demanded power and justice civil rights in black and brown draws on more than 500 oral history interviews newly collected across texas from the panhandle to the piney woods and everywhere in between the testimonies speak in detail to the structure of racism in small towns and huge metropolises both the everyday grind of segregation and the haunting acts of racial violence that upheld texas s state sanctioned systems of white supremacy through their memories of resistance and revolution the activists reveal previously undocumented struggles for equity as well as the links black and chicana organizers forged in their efforts to achieve self determination
