what makes behavior deviant and who gets to decide what deviance is deviant behavior seeks to answer these questions and more this compelling new text covers the social forces that shape deviance the motivations and consequences of deviant behaviors and how our definition of deviance changes over time authors john a humphrey and frank schmallegger discuss a wide range of deviant behaviors from criminal acts to extreme forms of everyday behavior and provide students the necessary foundation to understand the impact of globalization on traditional and emerging forms of deviance readers will explore deviance in the modern world using a systematic application of social and criminological theories to a range of deviant behaviors to help them better understand themselves others and society included with this title the password protected instructor resource site formally known as sage edge offers access to all text specific resources including a test bank and editable chapter specific powerpoint slides

a comprehensive set of readings examining the full range of concerns in the field of deviant behaviour all the selections are relatively recent and have not appeared in other anthologies

deviant behavior offers an engaging and wide ranging discussion of deviant behavior beliefs and conditions it examines how the society

defines labels and reacts to whatever and whoever falls under this stigmatizing process thereby providing a distinctly sociological approach to the phenomenon the central focus in defining what and who is deviant is the audience members of the influential social collectivities that determine the outcome of this process the discussion in this volume encompasses both the explanatory or positivist approach and the constructionist or labeling perspectives thereby lending a broad and inclusive vista on deviance the central chapters in the book explore specific instances or forms of deviance including crime substance abuse and mental disorder all of which share the quality that they and their actors believers or bearers may be judged by these influential parties in a negative or derogatory fashion and throughout deviant behavior the author emphasizes that to the sociologist the term deviant is completely non pejorative no implication of inferiority or inherent stigma is implied what the author emphasizes is that specific members of the society social circles or collectivities define and treat certain parties in a derogatory fashion the sociologist does not share in this stigmatizing process but observes and describes it

this timely second edition remains essentially the same in overall organization and chapter layout and titles new to the book is updated data and facts from empirical research and government and agency reports some information in some chapters was retained from the first edition if it was deemed still relevant and interesting the definition of deviance has been modified to be more in line with standard understandings of the term which frequently describe deviance as violations of social norms the word differences remains part of the definition and implies differences in attitudes lifestyles values and choices that exist among individuals and groups in society the concept of deviance is no longer treated as a label in itself also placing the definition of the term more in alignment with its standard usage the title of the book remains the same and tradition still implies the book covers areas that have long been addressed in deviance texts such as addictions crime and sexual behaviors to name a few the term stigma is retained for two reasons it is in honor of erving goffman a giant in the discipline of sociology who offered much to the study of differences and it is used to accentuate the importance of societal reaction in a heterogeneous society in this updated edition every attempt has been made to respond to input from colleagues and students concerning

text content and writing style chapters still include in recognition or comments that honor scholars whose research and professional interests are related to the chapters under study effective case studies are again included in the chapters considerable effort went into decisions of what was to be added changed maintained and deleted from the first edition resulting in meaningful modifications throughout the book

this book addresses an important issue in thessalonian research that has hitherto received inadequate scholarly attention the conflict relations between christians and non christians in thessalonica by engaging in careful exegesis of pertinent texts and by drawing upon ancient literary parallels and the social scientific study of deviance and conflict still is able to spell out in some detail the specifics and the dynamics of paul s and his thessalonian converts clash with outsiders in this study he shows that the conflict thlipsis in thessalonica was rather complex having varied origins multiple causes and mixed effects as a result this work not only provides a nuanced analysis of the conflict in thessalonica but also demonstrates that the thessalonian correspondence can be best read when insider and outsider interaction is kept clearly in view

the handbook of deviant behavior presents a comprehensive integrative and accessible overview of the contemporary body of knowledge in the field of social deviance in the twenty first century this book addresses the full range of scholarly concerns within this area including theoretical methodological and substantive issues in over seventy original entries written by an international mix of recognized scholars each of these essays provides insight not only into the historical and sociological evolution of the topic addressed but also highlights associated notable thinkers research findings and key published works for further reference as a whole this handbook undertakes an in depth evaluation of the contemporary state of knowledge within the area of social deviance and beyond this considers future directions and concerns that will engage scholars in the decades ahead the inclusion of comparative and cross cultural examples and discussions relevant

case studies and other pedagogical features make this book an invaluable learning tool for undergraduate and post graduate students in disciplines such as criminology mental health studies criminal theory and contemporary sociology
