as jacob zuma moves into the twilight years of his presidencies of both the african national congress anc and of south africa this book takes stock of the zuma led administration and its impact on the anc dominance and decline the anc in the time of zuma combines hard hitting arguments with astute analysis susan booysen shows how the anc has become centred on the

personage of zuma and that its defence of his extremely flawed leadership undermines the party s capacity to govern competently and to protect its long term future following on from her first book the african national congress and the regeneration of power 2011 booyesen delves deeper into the four faces of power that characterise the anc her principal argument is that the state is failing as the president s interests increasingly supersede those of party and state organisationally the anc has become a hegemon riven by factions as the internal blocs battle for core positions of power and control meanwhile the zuma controlled anc has witnessed the implosion of the tripartite alliance and decimation of its youth women s and veterans leagues electorally the leading party has been ceding ground to increasingly assertive opposition parties and on the policy front it is faltering through poor implementation and a regurgitation of old ideas as zuma s replacements start competing and succession politics take shape booyesen considers whether the anc will recover from the damage wrought under zuma s reign and attain its former glory ultimately she believes that while the damage is irrevocable the electorate may still reward the anc for transcending the zuma years this is a must have reference book on the development of the modern anc with rigour and incisiveness booyesen offers scholars and researchers a coherent framework for considering future patterns in the anc and its hold on political power

this book offers a unique approach to reconciliation as a matter for negotiation bringing together two bodies of theory in order to offer insights into resolving conflicts and achieving lasting peace it argues that reconciliation should not be simply accepted as an agreed upon norm within peacemaking processes but should receive serious attention from belligerents and peace brokers seeking to end violent conflicts through negotiation the book explores different meanings the term reconciliation might hold for parties in conflict the end of overt hostilities a transformation in the quality of relations between warring groups a vehicle of accountability and punishment of human rights abusers or the means through which they might somehow acquire amnesty and as a means of atonement and to material reparation it considers what gives energy to the idea of reconciliation in a conflict situation why do belligerents become interested in settling their differences and changing their attitudes to one another using a range of case studies and thematic discussion chapters in this book seek to tackle these

tough questions from a multidisciplinary perspective contributions to the book reveal some of the complexities of national and international reconciliation projects but particularly diverse understandings of reconciliation and how to achieve it all conflicts reflect unique dynamics aspirations and power realities it is precisely because parties in conflict differ in expectations of reconciliation outcomes that its processes should be negotiated this book is a valuable resource for both scholars and practitioners engaged in resolving conflicts and transforming fragmented relations in conflict and post conflict situations

the revolution that brought the african national congress anc to power in south africa was fractured by internal conflict migrant workers from rural zululand rejected many of the egalitarian values and policies fundamental to the anc s liberal democratic platform and organized themselves in an attempt to sabotage the movement this anti democracy stance which persists today as a direct critique of freedom in neoliberal south africa hinges on an idealized vision of the rural home and a hierarchical social order crafted in part by the technologies of colonial governance over the past century in analyzing this conflict jason hickel contributes to broad theoretical debates about liberalism and democratization in the postcolonial world democracy as death interrogates the western ideals of individual freedom and agency from the perspective of those who oppose such ideals and questions the assumptions underpinning theories of anti liberal movements the book argues that both democracy and the political science that attempts to explain resistance to it presuppose a model of personhood native to western capitalism which may not operate cross culturally

although myanmar has been faced with internal conflict a new long term economic agenda alongside rising oil and gas prices and considerable growth in some manufacturing segments are set to encourage increased foreign direct investment inflows into the country
