this book started out as an intense personal study by the author to evaluate and confirm his beliefs about god and salvation in regard to the teaching of the seventh day adventist church why is it that so many seventh day adventists do not have the assurance of salvation what criteria in the bible and what specifically in ellen g white s writings might lead someone to believe they were not fit for heaven that they did not qualify to be there that god would not forgive them and there was more required than just relying on jesus s sacrifice to cover their sins if they did not meet a strict set of rules would god cast them aside in the end in this book you will find out just who are the saved who are the lost and what happens to them in the end and what end times will look like according to ellen g white and the sda church the author estimates he has spent well in excess of ten thousand hours and has read over fifteen thousand pages of material over a seven year period in the preparation of this book it is the author s

hope and prayer that this book will make the reader question not their belief in the saving grace of god and the loving sacrifice of jesus but rather question anything that might have come between them and that grace

song of songs or shir hashirim is a very special book of the bible for many reasons for example it is the most metaphorical opening the door to many different interpretations that do not oppose each other it is also one of the books that does not contain any of god s names at least in the most used versions of the bible it holds quite a few guinness bible records in terms of word occurrences and word first appearance in light of this song of songs should be fascinating but most studies of it have followed a narrow and limited path the book has often been seen as primarily a story about a woman and a man deeply in love and it certainly contains that aspect in striking detail some parents would not dare read it aloud in front of their children sermons based on verses from song of songs are almost always linked to marital relationships or something similar but is that all this book is about certainly not in fact the son of god used a connotation found only in song of songs in the last prophecy he gave on his way to calvary the study of song of songs alongside the book of daniel and revelation hints of prophetic aspects for example song of songs describes in detail the seven churches of revelation it also alludes to the two statues of the book of daniel and the four beasts yes they have their allegories there as well god s laws of course even the sealing of god s people was not left out country living there is no way to miss it the great controversy and how it ends this is perhaps the greatest message of the book
