new york magazine was born in 1968 after a run as an insert of the new york herald tribune and quickly made a place for itself as the trusted resource for readers across the country with award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating new york as both a place and an idea

the oxford handbook of english prose 1500 1640 is the only current overview of early modern english prose writing the aim of the volume is to make prose more visible as a subject and as a mode of writing it covers a vast range of material vital for the understanding of the period from jestbooks newsbooks and popular romance to the translation of the classics and the pioneering collections of scientific writing and travel writing from diaries tracts on witchcraft and domestic conduct books to rhetorical treatises designed for a courtly audience from little known works such as william baldwin s beware the cat probably the first novel in english to the bible the book of common prayer and richard hooker s eloquent statement of anglican belief the laws of ecclesiastical polity the work not only deals with the range and variety of the substance and types of english prose but also analyses the forms and styles of writing adopted in the early modern period ranging from the euphuistic nature of prose fiction inaugurated by john lyly s mannered novel to the aggressive polemic of the marprelate controversy from the scatological humour of comic writing to the careful modulations of the most

significant sermons of the age and from the pithy and concise english essays of francis bacon to the ornate and meandering style of john florio s translation of montaigne s famous collection each essay provides an overview as well as comment on key passages and a select guide to further reading

venice s secret service is the untold and arresting story of the world s earliest centrally organised state intelligence service long before the inception of sis and the cia in the period of the renaissance the republic of venice had masterminded a remarkable centrally organised state intelligence organisation that played a pivotal role in the defence of the venetian empire housed in the imposing doge s palace and under the direction of the council of ten the notorious governmental committee that acted as venice s spy chiefs this proto modern organisation served prominent intelligence functions including operations intelligence and covert action analysis cryptography and steganography cryptanalysis and even the development of lethal substances official informants and amateur spies were shipped across europe anatolia and northern africa conducting venice s stealthy intelligence operations revealing a plethora of secrets their keepers and their seekers venice s secret service explores the social and managerial processes that enabled their existence and that furnished the foundation for an extraordinary intelligence organisation created by one of the early modern world s most cosmopolitan states
