when stephenie meyer's first novel twilight was published in 2005 it had an astounding reception selling millions of copies the three sequels that followed new moon eclipse and breaking dawn became international bestsellers as well the worldwide success of the movie adaptations further cemented the series as a cultural force on par with other popular franchises such as harry potter but why is this what is it about twilight that makes it so appealing to people and what does twilight's success reveal about transnational cultural trends in the twilight saga exploring the global phenomenon claudia bucciferro has assembled a collection of essays that examine the series from a variety of perspectives the essays in this

volume consider both the books and the movies emphasizing the relationships among the texts the audience the entertainment industry and other aspects of the multimillion dollar franchise organized into five sections the chapters offer a contextualization of the series appeal explore different types of twilight audiences analyze the cultural referents associated with the main characters and present new ideas regarding representations of gender sex class and race concluding essays examine the saga s influence unveiling its links to newer workssuch as the hunger games true blood and fifty shades of grey making sense of how the popular franchise fits within larger contexts this collection addresses twilight from an interdisciplinary framework including insights from history philosophy literature sociology fan studies intercultural communication film studies and more featuring contributions by scholars from the united states france spain chile and australia this book emphasizes the international and intercultural relevance of the twilight phenomenon the collection is aimed at scholars and students of media and popular culture but it will also appeal to general readers who are familiar with the series

the twilight s last gleaming on public education is an intriguing and socially relevant story which focuses on the ambitions and frustrations of the main character richard robins with nearly limitless options this man of great consequence and professional achievement embarks on the noble path of educating adolescents at sunset middle school where he quickly becomes aware of the challenges and obstacles that currently litter the public education landscape the author constructs a fascinating and enlightening story which possesses many of the elements commonly found in just about every school system throughout the united states the plot contains more than a few strategically placed unexpected twists and should maintain the reader s interest throughout navigating the plot to a well conceived and logical conclusion the author strives to leave the reader with a sense of time well invested in the reading of this story

avoiding the reductive tendency of some recent scholarship to focus on the purported shortcomings of the twilight series with respect to literary merit and political correctness this volume adopts a cultural studies framework to explore the range of scholarly concerns awakened by the twilight novels and their filmic adaptations in so doing the contributors show the series s importance for studies of popular culture gender reception history and young adult literature

caffrey records the social political and economic scenes on both sides of the atlantic and introduces readers to the principal players readers observe the two countries slide and stumble into war as farce the british enter washington the president flees troops set fire to several buildings steal some flour and leave an american general marches 40 000 recruits to the canadian border they refuse to cross he marches them home again british and american warships cruise the great

lakes largely avoiding each other the great battle of the war takes place after the signing of the peace treaty

oceans account for 50 of the anthropogenic co2 released into the atmosphere during the past 15 years an international programme the joint global ocean flux study jgofs has been studying the ocean carbon cycle to quantify and model the biological and physical processes whereby co2 is pumped from the ocean s surface to the depths of the ocean where it can remain for hundreds of years this project is one of the largest multi disciplinary studies of the oceans ever carried out and this book synthesises the results it covers all aspects of the topic ranging from air sea exchange with co2 the role of physical mixing the uptake of co2 by marine algae the fluxes of carbon and nitrogen through the marine food chain to the subsequent export of carbon to the depths of the ocean special emphasis is laid on predicting future climatic change

religious poetry is the holy of holies of literature in all ages poets have been the interpreters of the finer feelings of humanity and the greatest have treated the loftiest themes that can employ the mind and the heart the relation of man to his maker and the duties and privileges which arise from it it has been the aim of the editors to make the present collection truly catholic it embraces a body of representative poems of all ages denominations and countries the authors are allowed the fullest liberty of uttering their sentiments in their own words preface
