aaron horne provides the most comprehensive guide to brass music written by black composers he covers composers from around the world in the 19th and 20th centuries included in the book is biographical information commission duration instrumentation date of publication premiere publisher discography for each piece bibliographical sources and an index which groups the music by numbers medium and ensemble this is the fourth volume in aaron horne's monumental effort to provide the most comprehensive guide to music composed by black composers in this volume he covers composers from around the world in the 19th and 20th centuries including william grant still ulysses kay anthony davis john coltrane and other major figures from the world of classical jazz and popular music the main body of the book is divided into sections devoted to african african american afro european and afro latino composers within each section composers are arranged alphabetically each entry provides biographical information as well as commission duration instrumentation date of publication premiere publisher discography for each composition backmatter includes a brass music index which groups the music by numbers medium and ensembles a title index discography and bibliography as with the earlier volumes this is an essential reference tool for anyone with an interest in researching and or performing the music of black composers

the experience of music performance is always far more than the sum of its sounds and evidence for playing and singing techniques is not only inscribed in music notation but can also be found in many other types of primary source materials this volume of essays presents a cross section of new research on performance issues in music of the middle ages and renaissance the subject is approached from a broad perspective drawing on areas such as dance history art history music iconography and performance traditions from beyond western europe in doing so the volume continues some of the many lines of inquiry pursued by its dedicatee timothy j mcgee over a lifetime of scholarship devoted to practical questions of playing and singing early music expanding the bases of inquiry to include various social political historical or aesthetic backgrounds both broadens our knowledge of the issues pertinent to early music performance and informs our understanding of other cultural activities within which music played an important role the book is divided into two parts viewing the evidence in which visually based information is used to address particular questions of music performance and reconsidering contexts in which diplomatic commercial and cultural connections to specific repertoires or compositions are considered in detail this book will be of value not only to specialists in early music but to all scholars of the middle ages and renaissance whose interests intersect with the visual aural and social aspects of music performance

this volume constitutes a catalogue of one hundred and thirty six aerophones from a wide range of cultures in the collections of the canadian centre for folk culture studies published in english

this volume unites a collection of articles which illustrate brilliantly the complexity of european cultural history in the renaissance on the one hand scholars of this period were inspired by classical narratives on the sublime effects of music and on the other hand were affected by the profound religious upheavals which destroyed the unity of western christianity and in so doing opened up new avenues in the world of music these articles offer as broad a vision as possible of the ways of thinking about music which developed in the fifteenth and sixteenth centuries
