five romances of cordel is a return to a long time research topic but now to the very beginnings of brazil s literatura popular em verso or literatura de cordel the early romances or historias of cordel began as narrative poetry telling a story based on popular literature from portugal spain and france the stories from europe were in prose and were sold by the livreiro garnier in rio de janeiro at the end of the 19th century poets like leandro gomes de barros joao melchiades ferreira da silva jose camelo de melo resende marcos sampaio and others converted the prose stories to verse this author has chosen five of the most famous and placed the portuguese originals alongside his own english translations along with notes commentary and asides a labor of love enjoy

the spread of covid 19 and the consequent pandemic since early 2020 have brought about unprecedented changes in all spheres of global life creating a new sense of in security with social distancing physical isolation quarantine and lockdown becoming buzzwords to combat the disease as in all spheres of life the first wave of the pandemic posed serious challenges to the world of soccer with diverse and intriguing responses across the globe this book documents the early impressions and initial responses of various stakeholders of the soccer world to the challenges of covid 19 in 2020 it reveals how the process of confrontation negotiation adjustment and overcoming against such challenges necessitated and inspired novel responses and strong improvisations from soccer bodies to players referees to spectators and journalists to sponsors this process has revealed abrupt as well as radical changes in the organization rules spectatorship and telecast of the game thereby affecting the game s cultural dimensions commercial prospects and political implications the volume points out that the way soccer has adjusted to the new normal standard of the covid regime has elicited newer meanings and nuanced representations of the game the chapters in this book were originally published as a special issue of the journal soccer society

this book provides a reference guide in the field of dermatology presenting and discussing its interface with public health dermatological diseases are extremely common in populations around the globe and the systematization of knowledge about these dermatoses and their relationships with different epidemiological factors may help us to understand the challenges that governments and private institutions face and must try to overcome in order to improve global health undergraduate and graduate students dermatologists and general practitioners who study and or work in the area will find scientific support in this book which is intended as a reference work for dermatological practice and public health the book has ten sections addressing carefully selected topics including 1 concepts in dermatoepidemiology and the international strategies in programs of public health 2 6 the most significant skin diseases including dermatology in tropical medicine 7 diseases that are not primarily dermatological but have a high impact on public health and may have skin and mucosal manifestations 8 a number of emerging issues in dermatology in public health 9 clinical approaches diagnosis and management to common dermatological symptoms and 10 multidisciplinary approaches in dermatology the editors have brought together authors with extensive experience in their respective fields in order to provide a reference book for those involved in or with an interest in the relationship between dermatology and public health

brazilian foreign policy in changing times contributes both empirically and theoretically to the study of international relations the book illuminates brazilian foreign policy in the democratic era a subject scarcely touched on elsewhere this book also offers a new conceptualization of the debate on the path to an autonomous foreign policy

this book examines the complexities of the colonization of the territory that is now brazil and its shaping of

psychological knowledge and practice it reveals the rich network of cultural practices that were formed through the appropriation of elements of jesuit catholicism and the blending with elements of the cultures of native african and lusitanian populations present in the territory and how psychological concepts and practices emerged and circulated between the sixteenth and the late eighteenth centuries long before the establishment of psychology as a modern science the volume summarizes the research program developed by the author over 38 years of academic activity through which she contributed to expand the field of historical studies in psychology by investigating how psychological concepts and practices were produced in cultural and historical contexts different from the european and north american societies where scientific psychology developed in the 19th and 20th centuries psychological knowledge and practices in brazilian colonial culture will be of interest not only to historians of psychology but also to professional psychologists working with culturally diverse populations who seek to understand how psychological concepts and phenomena are shaped by culture by doing so the book intends to contribute to the development of a psychology better prepared to deal with cultural diversity in an increasingly multicultural world massimi s book will now form an important foundation of english language scholarship about the psychological and cultural impact of colonization on subjugated peoples she has of course made many such contributions in portuguese it is to be hoped that much of her work will be translated into english so that more scholars may benefit from the richness of her insights excerpt from the foreword by dr wade e pickren
