il bilancio partecipativo bp è un processo inclusivo che permette alla cittadinanza di partecipare attivamente all'amministrazione del proprio territorio e se lo adottasse anche un piccolo comune come andrano nel leccese in questo volume ecco illustrata tale applicabilissima ipotesi se dovessi spiegare il bilancio partecipativo ad un bambino gli direi

che è la possibilità che lui ha di decidere insieme ai suoi genitori sulle spese familiari che lo riguardano. L'esempio potrebbe forse sembrare azzardato in quanto un bambino difficilmente ha percezione delle spese che afferiscono alla sua famiglia, ancora meno un bimbo può avere consapevolezza del fatto che per compiere qualsiasi scelta nella vita occorra mettere in conto i costi/benefici che tale scelta comporterà.

This book investigates some aspects of the cultural consequences of the settlement of Greeks in Egypt during the Hellenistic period through a discussion of papyrological material, archaeological evidence and literary sources. It is divided into three sections: the first space and images reflects on the evolutions and changes in iconography, spatial organization and landscape; the second ethnic interactions offers new hints on the long debated topic of ethnicity relying on a wide range of Greek and demotic sources; the third the literary experience shifts the attention from documents to literature examining the circulation of Greek texts and books in Egypt from different perspectives. Mixing case studies and overviews, the volume offers an updated, multifaceted representation of complex phenomena which can be understood only going beyond disciplinary boundaries.

An indispensable guide to making the transition to dual IFRS/GAAP financial reporting, U.S. financial reporting will undergo an unprecedented level of change within the next several years. U.S. companies face a convergence between U.S. GAAP and IFRS affecting several major accounting standards, most notably in the areas of leasing, revenue recognition and financial instruments. It is imperative that U.S. companies understand these major changes and their business and operational implications. The IFRS/U.S. GAAP Dual Reporting Handbook to First Time Adoption offers a comprehensive treatment of both the principles and techniques of dual reporting under IFRS/U.S. GAAP while exploring the practical implications for accounting professionals. Reporting under both sets of standards takes an operating approach to the implementation and application of the dual standards, draws upon the author's extensive firsthand experience to dispel uncertainty and offer decision makers expert technical assistance, defines systemic changes businesses will need to make to accommodate IFRS standards, compares the two bodies of standards item by item and identifies solutions under one set of standards to issues arising under the other, explores the strategic impact of structuring a company for IFRS transition. In addition to covering the full range of critical issues surrounding adopting IFRS, this indispensable handbook is a rich resource of dual reporting tools including financial statement formats, charts of accounts, accounting check lists, reconciliation schedules and operating manuals.

Executory contracts in insolvency law offers a unique, comprehensive and up-to-date transnational study of the topic including an analysis of certain countries which have never previously been undertaken in English. Written by experts in

the field with extensive experience of both research and professional experience this is a groundbreaking investigation into the philosophies and rationales behind the different policy choices adopted and implemented by a range of over 30 jurisdictions across the globe
