fascinating and enjoyable enthused with insight
brian cox uranium carbon iron titanium gold silver and silicon
former bp ceo john browne

explains how seven elements are shaping the 21st century for good and for bad humans have put the earth's resources to extraordinary use but not always for the benefit of humankind seven elements vividly describes how iron carbon gold silver uranium titanium and silicon have shaped the world around us for good and for bad this book takes you on an adventure of human passion ingenuity and discovery but it is a journey that is far from over we continue to find surprising new uses for each of these seven key elements discover how titanium pervades modern consumer society how natural gas is transforming the global energy sector and how an innovative new form of carbon could be starting a technological revolution seven elements is a unique mix of science history and politics interwoven with the author's extensive personal and professional experience

when i first entered the fitness world i was amazed at the sheer number of machines gadgets and products marketed as essential for achieving the perfect body one machine promised to target every muscle another claimed to make exercise effortless and countless supplements claimed to deliver results with little effort like many i fell for these fads believing that quick fixes and shortcuts could replace hard work over time i recognized the flaws in these approaches and the false promises they offered my goal in this book is to expose and critique these fading fitness fads so you don't have to fall victim to the same mistakes i made drawing on my experience as a certified personal trainer through the national federation of professional trainers certificate 45582 i analyze 25 popular fitness trends using both my professional expertise and the protections afforded by the fair use act by sharing my insights i aim to help readers make informed choices and avoid the frustration and disappointment that often accompanies short lived fitness gimmicks the cover of this book features a photograph of an aerial yoga class which the instructor claims can improve core strength and endurance while such claims are common in the fitness industry my analysis will examine them critically separating hype from evidence based practice

2022 peter c rollins book award northeast texas popular culture and american culture associations nepca in the postwar era the police procedural series dragnet informed americans on the workings of the criminal justice system and instructed them in their responsibilities as citizens among shifting politics tastes and technology in television history one genre has been remarkably persistent the cop show claudia calhoun returns to dragnet the pioneering police procedural and an early transmedia franchise appearing on radio in 1949 on tv and in film in the 1950s and in later revivals more than a popular entertainment dragnet was a signifier of america's postwar confidence in government institutions and a publicity vehicle for the los angeles police department only the names have been changed shows how dragnet's realistic storytelling resonated across postwar culture calhoun traces dragnet's semi documentary predecessors and shows how jack webb dragnet's creator worked directly with the lapd as he produced a series that would likewise inspire public trust by presenting day to day procedural justice rather than shootouts and wild capers yet this realism also set aside the seething racial tensions of los angeles as it was dragnet

emerges as a foundational text one that taught audiences to see police as everyday heroes not only on tv but also in daily life a lesson that has come under scrutiny as americans increasingly seek to redefine the relationship between policing and public safety

proposition 13 reduced the ability of local gov t s to finance public goods and infrastructure through local taxes local gov t s responded by increasing their reliance on fees and exactions the constitutional takings clause may represent yet another limitation on the ability of local gov t s to finance public improvements in addition ca s burgeoning population and scenic and natural resources make it fertile ground for the conflicts associated with growth how should transportation infrastructure and other public services be financed as communities spread outward how should open space habitat and access to recreational resources be preserved and paid for tables

the recent global financial crisis has caused massive upheavals worldwide the papers in this volume analyze whether financial principles seem to have shifted in recent years and what that may mean for international financial markets and regulation what broke in the current crisis is there no playbook on how to respond to systemic crises what is the optimal role of the state in dealing with crises how should asset bubbles be addressed in the future do we need a major overhaul of governance in the industry what means exist to address systemic crises what reforms are needed these and related issues are discussed by an impressive list of well known scholars policymakers and practitioners with an emphasis on the implications for public policy

what kind of world do you want to live in throwing a party preparing a meal sending an email these are things you do all the time how can they really make a difference ten ways to change the world in your twenties shows how to transform these everyday activities into world changing events throw a party with a purpose prepare a sustainable meal send an email to your representative an inspiring collection of ideas that can make the world a better place this book taps into the potential of an energetic influential generation and lights the path to shaping tomorrow by digging into what you love volunteering in ways big and small supporting political actions that reflect your values leading an eco active lifestyle simplifying and reducing your footprint using your buying power to encourage better business practices eating well locally hosting a party with a purpose exploring the world through environmentally responsible travel turning your passion into a vocation with a rating scale based on the time money and lifestyle impact required and peppered with true tales of twentysomethings who've made an impact ten ways to change the world in your twenties provides resources and opportunities for you to use your talents to help create a history we can all be proud of everywhere i go around the planet i find young people fresh from college leading the new green movement with savvy and heart they're making a real difference and as this book shows you can too bill mckibben 350.org

change is a powerful force but one that must be directed if it is to have a positive and calculated outcome it can be shaped according to the needs of an organisation to grow or contract respond to competition or threat or simply to keep pace with the world around it it is widely understood by leaders and managers that only effective project management has the potential to deliver the transformation they seek however many projects have failed to deliver the outcomes that their sponsors anticipated too many have produced apps buildings processes products and services that remain on the shelf unadopted and a costly reminder that projects are vehicles that can just as easily deliver failure as success the revised and expanded third edition of this much admired guide explains the principles and techniques of change and project

management with its clear structured approach it is an invaluable handbook for helping leaders and managers to be sufficiently informed equipped and confident to use projects to deliver change and to realise its benefits

on october 16 and 17 2000 we hosted an international workshop entitled statistical design measurement and analysis of health related quality of life the workshop was held in the beautiful city of arradon south brittany france with the main goal of fostering an interdisciplinary forum for discussion of theoretical and applied statistical issues arising in studies of health related quality of life hrqol included were biostatisticians psychometricians and public health professionals e g physicians sociologists psychologists active in the study of hrqol in assembling this volume we invited each conference participant to contribute a paper based on his or her presentation and the ensuing and very interesting discussions that took place in arradon all papers were peer reviewed by anonymous reviewers and revised before final editing and acceptance although this process was quite time consuming we believe that it greatly improved the volume as a whole making this book a valuable contribution to the field of hrqol research the volume presents a broad spectrum of papers presented at the workshop and thus illustrates the range of current research related to the theory methods and applications of hrqol as well as the interdisciplinary nature of this work following an introduction written by sir david cox it includes 27 articles organized into the following chapters

established in 1911 the rotarian is the official magazine of rotary international and is circulated worldwide each issue contains feature articles columns and departments about or of interest to rotarians seventeen nobel prize winners and 19 pulitzer prize winners from mahatma ghandi to kurt vonnegut jr have written for the magazine

reprint of the original first published in 1876 the antigonos publishing house specialises in the publication of reprints of historical books we make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

what is a sacred moment is it a big sudden change in the direction of your life or your physical or mental state or is it a moment in which you understood your fears or made a choice to let something go we may find our lives full of fear hurt or pain of loss and even though these daily experiences have not caused major earthquakes or volcanic eruptions around the world it is in these moments of our daily lives that we must look for our answers in small steps huge changes the extraordinary moments of an ordinary life writer phyllis reed shows us how it is possible to discover healing and joy by choosing to take just one small courageous step through reflections remembrances poems and vignettes reed tracks her own small steps through realms as varied as love parenthood loneliness fear and connecting to places other people and holy presence each true story told in reeds conversational nurturing tone is a tribute to those who have found ways to live happily and healthily after great difficulties to see the extraordinary in their everyday experiences taken as a whole these moments of rising and falling of joy and

defeat become our sacred lives our sacred moments are our greatest gifts and the choice is ours to step forward and accept and learn from them
