a period of turmoil uncertainty and fears the second half of the nineteenth century in Italy is also characterized by resilience creativity courageous discussions on the emancipation of women and a variety of cultural products that are instrumental for the birth of a new and modern culture that will lead to the achievements of the twentieth century contributing to and expanding on recent scholarships on Italian literature of the nineteenth century the book presents a series of literary interdisciplinary and intercultural case studies these case studies explore the social and cultural dimensions of the period investigating the historical literary artistic cultural and social events of the time while probing their significance and relevance in bridging new Italian cultures

an important contribution to the multi disciplinary study of literacy narrative and culture this work argues that literacy is perhaps best described as an ensemble of socially and historically embedded activities of cultural practices it suggests viewing written language producing and distributing deciphering and interpreting signs are closely related to other cultural practices such as narrative and painting the papers of the first and second parts illustrate this view in contexts that range from the pre historical beginnings of tracking signs in hunter gatherer cultures and the emergence of modern literate traditions in Europe in the 17th to 19th century to the future of electronically mediated writing in times of the post Gutenberg galaxy the chapters of the third present results of recent research in developmental and educational psychology contributions by leading experts in the field make the point that there is no theory and history of writing that does not presuppose a theory of culture and social development at the same time it demonstrates that every theory and history of culture must unavoidably entail a theory and history of writing and written culture this book brings together perspectives on literacy from psychology linguistics history and sociology of literature philosophy anthropology and history of art it addresses these issues in plain language not coded in specialized jargon and addresses a multi disciplinary forum of scholars and students of literacy narrative and culture

I cani e i gatti percepiscono i sapori anche se molti proprietari credono che non sia così la letteratura scientifica è chiara i cani e i gatti hanno come le persone un gusto e un olfatto e questi due sensi permettono di percepire i sapori degli alimenti in modo molto preciso

conoscere questo aspetto permette di gestire al meglio la loro alimentazione supportare la loro salute e il loro benessere in questo libro il dott. Valerio Guiggi, medico veterinario e specialista in ispezione degli alimenti, che nella sua attività si occupa di alimentazione e nutrizione del cane e del gatto, spiega i meccanismi con cui i cani e i gatti percepiscono odori e gusti che insieme creano il sapore e soprattutto risponde a numerose domande che vengono poste nella pratica clinica perché alcuni cani mangiano di tutto mentre altri sono particolarmente esigenti perché i cani spesso si annoiano dei croccantini fino a rifiutarli perché al contrario i gatti li preferiscono e pur essendo carnivori è spesso così difficile far accettare loro la carne perché i gatti sono sospettosi verso i nuovi alimenti mentre i cani no perché i cani e i gatti spesso rifiutano gli alimenti terapeutici proposti in clinica veterinaria. Un testo indispensabile per chi vuole conoscere meglio un aspetto spesso trascurato della vita quotidiana degli animali domestici.

Un viaggio tra i borghi, le valli e le foreste incantate che hanno ospitato i raduni delle streghe. Questi vengono rievocati insieme alla caccia alle streghe che fece dell'herbaria un'entità malefica legata al demonio e all'eredità pagana. I cui simboli resistettero all'avvento del cristianesimo e ai tentativi dell'inquisizione di cancellarli regione per regione. L'autore narra le leggende e le tradizioni che fecero di queste zone la dimora preferita di maghe e fattucchiere e offre al lettore grazie a mappe, indirizzi e consigli pratici, gli strumenti per organizzare veri e propri itinerari magici tra i sentieri di campagna e gli anfratti nascosti del territorio italiano in cui guaritrici e sciamane raccoglievano le erbe medicamentose e officiavano i sacri riti in onore dei loro dèi.

The book consists of elementary and pre-intermediate courses with parallel Italian-English texts. The author maintains learners' motivation with funny stories about real life situations such as meeting people, studying, job searches, working, etc. The alarm method, approved learning, automatic remembering method, utilizes natural human ability to remember words used in texts repeatedly and systematically. The author managed to compose each sentence using only words explained in previous chapters. The second and the following chapters of the elementary course have only about 30 new words each. The book is equipped with the audio tracks. The address of the home page of the book on the internet where audio files are available for listening and downloading is listed at the beginning of the book on the copyright page.
