one of the most powerful skills you can develop is the ability to say no in the art of saying no and taking control you ll learn how to set boundaries that protect your time energy and focus so that you can prioritize what truly matters saying yes to everything can lead to burnout overwhelm and frustration but by learning the art of saying no you ll take control of your life and ensure that your decisions align with your values and goals this book provides a step by step guide to creating healthy boundaries in every area of your life whether it s with work relationships or personal commitments you ll learn how to say no with confidence and compassion without feeling guilty or selfish through practical strategies and mindset shifts you ll discover how to create more space for the things that matter most and stop wasting time on things that don t serve your goals whether you re looking to regain balance in your life or simply want to learn how to manage your time and energy more effectively this book will help you take control and live a life that reflects your true priorities

despite its great achievements the domestic violence revolution is stalled evan stark argues a provocative conclusion he documents by showing that interventions have failed to improve womens long term safety in relationships or to hold perpetrators accountable stark traces this failure to a startling paradox that the singular focus on violence against women masks an even more devastating reality in millions of abusive relationships men use a largely unidentified form of subjugation that more closely resembles kidnapping or indentured servitude than assault he calls this pattern coercive control drawing on sources that range from fbi statistics and film to dozens of actual cases from his thirty years of experience as an award winning researcher advocate and forensic expert stark shows in terrifying detail how men can use coercive control to extend their dominance over time and through social space in ways that subvert women s autonomy isolate them and infiltrate the most intimate corners of their lives against this backdrop stark analyzes the cases of three women tried for crimes committed in the context of abuse showing that their reactions are

only intelligible when they are reframed as victims of coercive control rather than as battered wives the story of physical and sexual violence against women has been told often but this is the first book to show that most abused women who seek help do so because their rights and liberties have been jeopardized not because they have been injured the coercive control model stark develops resolves three of the most perplexing challenges posed by abuse why these relationships endure why abused women develop a profile of problems seen among no other group of assault victims and why the legal system has failed to win them justice elevating coercive control from a second class misdemeanor to a human rights violation stark explains why law policy and advocacy must shift its focus to emphasize how coercive control jeopardizes women s freedom in everyday life fiercely argued and eminently readable stark s work is certain to breathe new life into the domestic violence revolution
