the world's most trusted guide to problems in English now in a new edition

over 600 concise articles arranged in alphabetical order explain and illustrate points of grammar usage vocabulary idiom style and pronunciation for this new edition the book has been thoroughly revised and in places reorganized and rewritten

the purpose of this book English like all languages is full of problems for the foreign learner some of these points are easy to explain for instance the formation of questions the difference between since and for the meaning of after all other problems are more tricky and cause difficulty even for advanced students and teachers how exactly is the present perfect used when do we use past tenses to be polite what are the differences between at on and in with expressions of place we can say a chair leg why not a cat leg when can we use the expression do so when is the used with superlatives is unless the same as if not what are the differences between come and go between each and every between big large and great between fairly quite rather and pretty is it correct to say there's three more bottles in the fridge how do you actually say 3 x 4 12 and so on and so on practical English Usage is a guide to problems of this kind it deals with over 600 points which regularly cause difficulty to foreign students of English it will be useful for example to a learner who is not sure how to use a particular structure or who has made a mistake and wants to find out why it is wrong it will also be helpful to a teacher who is looking for a clear explanation of a difficult language point there is very full coverage of grammar as well as explanations of a large number of common vocabulary problems there are also some entries designed to clarify more general questions e.g. formality slang the nature of standard English and dialects which students and teachers may find themselves concerned with

the dominant view of many linguists and educators has been that Hong Kong English is a variety of the language that is derived from and dependent on the metropolitan norm of British English it has been argued that English in Hong Kong was never nativized as in other Asian societies and that it has not deserved the recognition accorded to other varieties of Asian English the contributions to this book challenge that view in a number of ways in addressing sociolinguistic structural and literary issues they provide an up to date survey of current use of Hong Kong English and redress the question of its autonomy in terms of both distinctive linguistic features and the growing literary creativity of the variety an original and highly informed discussion on the futures for Hong Kong English and chapters providing additional resources for the study of the variety are also

included

this book investigates the content of the grammar syllabus typically employed in mainstream english language teaching using a mixed methods approach the author examines how the syllabuses used in coursebooks are actually constructed how they evolved and how valid their contents are as a basis for teaching the research reported consists of a broad exploration of primary sources in order to outline the evolution of elt pedagogical grammar ten interviews with key elt authors and publishing professionals which allows for the investigation of the decision making processes underlying the choice of grammar content in elt teaching materials and finally the presentation of case studies which examine three areas of grammar analysing the evolution of their treatment in elt materials both historical and contemporary and comparing their current treatment to data on real learner use this book contributes to the literature on syllabus design and pedagogical grammar and builds on existing research into materials design it will be of interest to researchers and professionals working in the fields of applied linguistics pedagogical grammar curriculum design and materials design
