the rise of early christianity has been examined from a myriad of perspectives but until recently ritual has been a neglected topic ritual and christian beginnings a socio cognitive analysis argues that ritual theory is indispensable for the study of christian beginnings it also makes a strong case for the application of theories and insights from the cognitive science of religion a field that has established itself as a vigorous movement in religious studies over the past two decades risto uro develops a socio cognitive approach to the study of early christian rituals seeking to integrate a social level analysis with findings from the cognitive and evolutionary sciences ritual and christian beginnings provides an overview of how ritual has been approached in previous scholarship including reasons for its neglect and introduces the reader to the emerging fields of ritual studies and the cognitive science of religion in particular it explores the ways in which cognitive theories of ritual can shed new light on issues discussed by early

christian scholars and opens up new questions and avenues for further research the socio cognitive approach to ritual is applied to a number of test cases including john the baptist the ritual healing practiced by jesus and the early christians the social life of pauline christianity and the development of early christian baptismal practices the analysis creates building blocks for a new account of christian beginnings highlighting the role of ritual innovation cooperative signalling and the importance of bodily actions for the generation and transmission of religious knowledge

vols for 1977 consist of two parts chemistry biological sciences engineering sciences metallurgy and materials science issued in the spring and physics electronics mathematics geosciences issued in the fall

you can t go home again when things got a bit too hot for hard charging rock and roll and sometimes shadowrunning band top drek after their latest doorbusting show in the ucas they decide to slip over the border into the republic of québec but its capital québec city is anything but a safe haven the moment they arrive the band s bus and all of their instruments is stolen and even stranger the thieves soon reach out to bleeding blossom top drek s drummer a québec native who left behind some very angry mates all those years ago now the band is caught in an impossible situation do a very dangerous job for their faceless nemesis or never see the bus and their gear again but for blossom this job is much more forced to confront the ghosts of her rebel past will she stand with the other band members to take down the people blackmailing them or sacrifice herself to save them

a shadowrunner in need former mercenary and current shadowrunner 8 ball has seen and done a lot of things both good and bad in his life but the one thing he is always there for is his friends so when toro a runner from his merc days gets jammed up with a death sentence in texas 8 ball does what he can to try and locate the other shadowrunners who double crossed the troll and left him holding the bag but things are never what they seem in the shadows and soon 8 ball is crisscrossing the globe in pursuit always one step behind his elusive quarry but as he edges closer and closer to his target 8 ball uncovers a larger plot that if not stopped could cause millions to die and possibly spark a war between a megacorporation and the ucas and all the while the doomsday clock is counting down the hours until his friend is no more and before it s all over 8 ball may have to make the worst choice of all the life of one against the lives of millions

public opinion public policy and smoking tracks americans changing attitudes about cigarette smoking over the last century with data from more than five thousand public and privately conducted polls this book carefully examines how americans came to understand the health risks of smoking how the tobacco industry sought to reframe smoking and how public opinion support for tobacco control affected lawsuits elections and public policies this book tests several well known linkage models that connect public opinion with public policy it shows that conventional wisdom about public opinion and tobacco control policy is often mistaken this book offers the first in depth look at american public opinion and cigarette smoking during the last century

religion theory critique is an essential tool for learning about theory and method in the study of religion leading experts engage with contemporary and classical theories as well as non western cultural contexts unlike other collections this anthology emphasizes the dynamic relationship between religion as an object of study and different

methodological approaches and openly addresses the question of the manifold ways in which religion secular and culture are imagined within different disciplinary horizons this volume is the first textbook which seeks to engage discussion of classical approaches with contemporary cultural and critical theories contributors write on the influence of the natural sciences in the study of religion the role of european christianity in modeling theories of religion religious experience and the interface with cognitive science the structure and function of religious language the social scientific study of religion ritual in religion the phenomenology of religion critical theory and religion embodiment and religion the impact of colonialism and modernity theorizing religion in terms of race and ethnicity links among religion nationalism and globalization the interplay of gender sex and religion and religion and the environment each chapter introduces the topic identifies key theorists and issues and respects the pluralistic nature of the scholarship in the field altogether this collection scrutinizes the explicit and implicit assumptions theorists make about religion as an object of analysis

one program to control it all janus is a pro shadowrunner who s been in the game long enough to roll with the curveballs the sixth world can throw at him whether it s traveling halfway around the world for a job or finding out his new employer has a much longer lifespan than the average metahuman the dual natured hacker mage has always come out on top and made a good living to boot but in the allied german states he and the new team he s leading are on unfamiliar ground and when what should have been a milk run transporting some high tech computer gear from a corp lab to their employer turns into a bloodbath janus and his team have to figure out what happened who s behind it and what s so important at this site that at least one megacorp is willing to kill to get their hands on it before the rest of the corps turn their gaze and guns on the team on the run for their lives never knowing who to trust janus and his team unravel a tangled web of invention deception and death with a discovery at its core that could shake the very foundations of the sixth world or possibly bring it all crashing down around them

down these dark streets most folks see puyallup as the worst seattle s got to offer a tangled mess of metahumanity and greet poverty and ghettos vice and corruption where the crime is more organized than the government they call it a barrens an armpit a cesspool jimmy kincaid though calls it home walking the line between shadows and the desperate light semi legit like only a puyallup brat and former cop can be he insists puyallup has a heart and a soul that it s a place of life magic and starving hope a former combat mage now as burnt out as his neighborhood he does what he can to police the worst excesses of the crime riddled city he loves in the darkness of the seattle sprawl what s one more murder to kincaid it s everything he s got a dead mentor a hermetic group in need and a mysterious file that might have been worth killing for to unlock the data and get a little justice he ll face the worst the sprawl has to offer wading through blood darkness and a murderous web of lies it s a good thing he s got friends in high and low places

confucian democracy in east asia explores the unique confucian reasoning that still exists in much of east asian culture
