Giacomo Meyerbeer was once one of the most famous of all opera composers enjoying into the twentieth century the same universal admiration and performance as a composer like Puccini does today. Through a series of adverse factors his reputation was seriously damaged with the resurgence of nationalism and the growing anti-Semitism in France and Germany at the end of the nineteenth century. The propagation of a Wagnerian operatic aesthetic, the decline of the bel canto vocal tradition, and the disfavour manifested towards the heroism of French grand opera all these factors and especially the ban on his music in Nazi Germany meant that Meyerbeer's reputation was seriously overshadowed in the years after the Second World War. During the 1960s and 1970s a tentative interest began to manifest itself and with the advent of the new millennium a growing rediscovery of his operas has been apparent. Not least in this process has been the recovery of all the composer's private papers and their scholarly editing. His life and work have been the subject of a growing number of informed studies which have enabled radical reassessment. This volume takes a fresh look at this process of rediscovery by considering the composer in terms of the primary sources: diaries and letters now available for forming a more complete and detailed biography unclouded by prejudicial or uninformed opinions. The extraordinary nature of Meyerbeer's Jewish background and the role of this family in Prussian emancipation are also considered. Most importantly, however, his life and works are presented in a critical chronology that is fundamentally based on his own private papers with testimony both positive and negative from many contemporary sources. A detailed iconography is integral to this process and helps to bring Meyerbeer's story and music more vividly to life.

a solo for clarinet composed by Carl Maria von Weber

First published in 2004, 19th century piano music focuses on the core composers of the 19th century repertoire beginning with 2 chapters giving a general overview of the repertoire and keyboard technique of the era and then individual chapters on Beethoven, Schubert, Weber, Mendelssohn, Chopin, Schumann, Brahms, Liszt and the women composers of the era, particularly focusing on Fanny Hensel and Clara Schumann.

illuminates unexplored dimensions of the music literature relationship and the sometimes unrecognized talents of certain famous writers and composers this book deals with three aspects that have been neglected in the burgeoning field of music and literature the first movement of the book considers writers from german romanticism to the present who like robert schumann first saw themselves as writers before they turned to composition or like e t a hoffmann and anthony burgess sought careers in music before becoming writers it also considers the few operatic composers such as richard wagner and arnold schoenberg who wrote their own libretti the second movement turns to literary works based specifically on musical compositions this group includes first and more generally prose works whose author chose a specific musical form such as sonata or fugue as an organizational model and second it includes novels based structurally or thematically on specific compositions such as bach s goldberg variations the finale concludes with unique case efforts by modern composers to render musically the compositions described in detail by thomas mann in his novel doktor faustus this book which addresses itself to readers interested generally in music and literature and is written in a reader friendly style draws attention to unexplored dimensions of the music literature relationship and to the sometimes unrecognized talents of certain writers and composers theodore ziolkowski is professor emeritus of german and comparative literature princeton university
