this is the first and only comprehensive work to deal with a relatively unknown facet of mexican social and religious history the debates over the historicity of the guadalupe apparitions and the historical existence of juan diego

the experiment with neoliberal market oriented economic policy in latin america popularly known as the washington consensus has run its course with left wing and populist regimes now in power in many countries there is much debate about what direction economic policy should be taking and there are those who believe that state led development might be worth trying again susan gauss s study of the process by which mexico transformed from a largely agrarian society into an urban industrialized one in the two decades following the end of the revolution is especially timely and may have lessons to offer to policy makers today the image of a strong centralized corporatist state led by the partido revolucionario institucional pri from the 1940s conceals what was actually a prolonged messy process of debate and negotiation among the postrevolutionary state labor and regionally based industrial elites to define the nationalist project made in mexico focuses on the distinctive nature of what happened in the four regions studied in detail guadalajara mexico city monterrey and puebla it shows how industrialism enabled recalcitrant elites to maintain a regionally grounded preserve of local authority outside of formal ruling party institutions balancing the tensions among centralization consolidation of growth and mexico s deep legacies of regional authority

this book explores mexico s foreign policy using the principled pragmatism approach it describes and explains main external actions from the country s independence in the nineteenth century to andrés manuel lópez obrador s administration the principal argument is that mexico has resorted to principled pragmatism due to geographic historical economic security and political reasons in other words the nation uses this instrument to deal with the united states defend national interests appease domestic groups and promote economic growth the key characteristics of mexico s principled pragmatism in foreign policy are that the nation projects a double edged diplomacy to cope with external and domestic challenges at the same time this policy is mainly for domestic consumption and it is also linked to the type of actors that are involved in the decision making process and to the kind of topics included in the agenda this principled pragmatism is related to the nature of the intention principism is deliberate and pragmatism is forced and this policy is used to increase mexico s international bargaining power
