written for contractors and endorsed by the associated general contractors of america written specifically for contractors this how to book enables you to meet the challenges of green building construction you ll discover how constructing environmentally friendly sustainable buildings influences project management delivery documentation and risk moreover the book guides you through these important considerations at all phases of a green construction project including bidding and contracting managing green design when the contractor works as a design builder subcontracting procurement construction management project commissioning and closeout this book is endorsed by the associated general contractors of america agc and was written with the assistance and advice of a specially assembled agc task force with a focus on the green building process from the contractor s viewpoint the book avoids endorsing any one green building rating system in favor of presenting the business fundamentals common to them all throughout the presentation flowcharts and other features offer working tools for successfully managing green construction projects plus real world case studies developed through discussions with the actual contractors involved help you understand exactly what to

expect and how to best manage constructing a green building in short this is one book that you need to have on hand to be a part of the rapidly growing green building movement

according to a recent national survey more construction contractors use quickbooks pro and quickbooks than all other accounting programs combined and for good reason quickbooks pro excels at all the routine paperwork in a construction office writing checks keeping track of your bank balance sending out invoices and statements creating up to the minute profit and loss statements for the month year or by job writing payroll checks paying suppliers and subcontractors tracking job costs comparing estimated and actual costs for each job and much more but there s a lot to learn in quickbooks pro and converting to a new accounting system can be a complex and confusing task even if you have a strong background in accounting and plenty of time to install the new system that s why this book was written because most construction pros aren t accounting experts and have more important work to do at the job site

this guide will help the contractor s staff overcome some of the difficulties encountered on a typical international contract using fidic forms the majority of fidic based contracts use the red book conditions of contract for construction so this book concentrates on the use of those particular forms supplementary comments are included in appendix c for the yellow book plant design build recommended for use where the contractor has a design responsibility the contractor is represented on site by the contractor s representative who carries the overall responsibility for all the contractor s on site activities in order to provide guidance to the contractor s representative and his staff this book is divided into five sections a summarized general review of the red book from the contractor s perspective a review of the activities and duties of the contractor s representative in the same clause sequencing as they appear in the red book a summary of these activities and duties but arranged in order of their likely time sequence on site this has the added intention of providing the contractor s representative with a means of ensuring that documents are not only properly provided to the employer and engineer but most importantly that they are provided within the time limits specified in the contract a selection of model letters is provided which make reference to the various clauses of the contract requiring the contractor to make submissions to the employer or engineer various appendices the guide is not intended to be a review of the legal aspects of fidic based contracts legal advice should be obtained as and when necessary particularly if the contractor has little or no knowledge of the local law armed on site with a copy of the contractor and the fidic contract the contractor s representative will be more able to avoid contractual problems rather than spend considerable time and energy resolving those problems once they have arisen

construction guide tax and advisory services provides cpas with guidance on the tax considerations that are particular to the construction industry in addition it provides cpas with guidance on engagements for a wide range of situations including those special to utility contractors road builders home construction commercial construction residential construction land developers real estate developers and more the book includes work programs practice aids checklists and sample reports

this book includes self test section at the end of each chapter test yourself then check answers in the back of the book to see how you score cd rom included
