exam board sqa level higher subject chemistry first teaching september 2018 first exam summer 2019 practice makes permanent feel confident and prepared for the sqa higher chemistry exam with this two in one book containing practice questions

for every question type and topic plus two full practice papers choose to revise by question type or topic a simple grid enables you to pick particular question styles or course areas that you want to focus on with answers provided at the back of the book understand what the examiner is looking for clear guidance on how to answer each question type is followed by plenty of questions so you can put the advice into practice building essential exam skills remember more in your exam repeated and extended practice will give you a secure knowledge of the key areas of the course chemical changes and structure nature s chemistry chemistry in society researching chemistry familiarise yourself with the exam papers both practice papers mirror the language and layout of the real sqa papers complete them in timed exam style conditions to increase your confidence before the exams find out how to achieve a better grade answers to the practice papers have commentaries for each question with tips on writing successful answers and avoiding common mistakes fully up to date with sqa s requirements the questions mark schemes and guidance in this practice book match the requirements of the revised sqa higher chemistry specification for examination from 2019 onwards
