a radical approach to the philosophy of mind in which states of mind are identified with dispositions to behave in certain ways the approach taken by rowland stout is a thoroughly up to date version of behaviourism although not a form of behaviourism that denies the existence of consciousness free will rationality etc nor aims to reduce these to other sorts of things properly understood the idea of being disposed to behave in a certain way is seen to be exactly as rich and interesting as the idea of being in a certain state of mind the fact that our ways of behaving are sensitive to practical rationality is taken to be an essential aspect of our nature as conscious agents and in describing such a version of practical rationality stout claims we are describing the mental state of someone whose behaviour is sensitive to it his account of behaviourism rests on two central notions that of a causal disposition to behave and that of sensitivity to practical rationality he explains and develops these notions in some detail and then uses them to construct powerful and original accounts of belief intention knowledge perception and consciousness key features a systematic and completely original theoretical approach to the philosophy of mind a re evaluation of the history of the philosophy of mind based on a rejection of the generally accepted arguments in the 1960s and 1970s used by functionalists against behaviourists a serious engagement with the intuitively compelling issues concerning behaviourism

this book features selected chapters from the proceedings of the multidisciplinary conference on intangibles take held in lisbon portugal in july 2024 the chapters cover a wide range of topics including human resource development intellectual capital knowledge management logistics retailing public policy innovation and entrepreneurship business models competitiveness and accounting the book is a valuable resource for researchers practitioners and industry experts interested in shaping the future of the knowledge economy

disagreement is for better or worse pervasive in our society not only do we form beliefs that differ from those around us but increasingly we have platforms and opportunities to voice those disagreements and make them public in light of the public nature of many of our most important disagreements a key question emerges how does public disagreement affect what we know this volume collects original essays from a number of prominent scholars including catherine elgin sanford goldberg jennifer lackey michael patrick lynch and duncan pritchard among others to address this question in its diverse forms the book is organized by thematic sections in which individual chapters address the epistemic ethical and political dimensions of dissent the individual contributions address important issues such as the value of disagreement the nature of conversational disagreement when dissent is epistemically rational when one is obligated to voice disagreement or to object

the relation of silence and resistance to dissent and when political dissent is justified voicing dissent offers a new approach to the study of disagreement that will appeal to social epistemologists and ethicists interested in this growing area of epistemology

acting in the million dollar minute deals exclusively with the art of acting in commercials updated revised and expanded for today s commercial actor tom logan uses decades of experience to give the commercial actor insight into what happens on set and how a commercial is shot he includes guidance on how to decipher the meaning behind the commercial script begin and end each performance immediately obtain the auditioners attention and beat out your competition in addition logan offers direction on taking the camera from another actor i e upstaging working with the product what separates the actor who got the part from the actors who didn t and how to give the director a performance he can cut in the editing room compiled from thousands of comments from hundreds of casting directors ad executives producers and more acting in the million dollar minute provides practical advice from an award winning director

more than just an autobiography or memoir this is a powerful and passionate account of one woman s battle to claim her identity and place in society in a small step in a long journey akkai padmashali a trans rights activist and campaigner thinker writer poet and actor throws out a challenge to society demanding not sympathy or pity but acceptance recognition and respect brutally honest and self critical akkai s writing is a political act in which she lays bare the hurt humiliation confusion insult love solidarity and joy that went into making her who she is today time and again akkai asserts that her story is not just her story what we call gender and sexuality she says is a journey we all travel one that connects our personal and political lives and one that helps us to face difficult disturbing questions about prejudice and privilege

appropriate for both fundamental and advanced levels the authors ground their commentary on actor training on the process of personalization and the innovative approaches to voice and movement training they define the personalization process as one in which the actor discovers and explores in the self characteristics qualities attitudes and experiences that are legitimate dimensions of the role being created part i transitions from essential ingredients used in creating a role such as focusing and speaking to guidelines for auditioning and rehearsing including role analysis the discussions of basic acting principles are supported by skills building exercises part ii explores historical performance styles and shows how basic stylistic elements can be freshly adapted for modern audiences thus in part ii the authors center their discussions of voice movement character and emotion around theatrical styles prevalent during certain historical periods and around sound acting theories gleaned from a wide range of acting traditions each chapter in this part ends with a helpful checklist that summarizes voice movement gesture and other elements common to the era discussed
