this is the first progressive book to argue that the bds movement boycott divestment and sanctions against israel is the wrong way to broker peace in the israeli palestinian conflict rather it argues that peace will come only when both israelis and palestinians legitimate claims to statehood are recognised by both sides the bds movement boycott divestment sanctions against israel has gained traction and publicity worldwide for a decade yet here philip mendes and nick dyrenfurth two politically progressive commentators argue that bds is far too blunt an instrument to use in such a complex political situation instead they critically analyse the key arguments for and against bds and propose a solution that supports israel s existence and palestinian rights to a homeland urging mutual compromise and concessions from both sides

israel is real our answer to the critics of zionism by benzion baruch the book provides an alternative realistic insight about the israeli arab conflict and how the jewish state of israel can and must strengthen itself from the political quagmire that so called super power countries acting as third world brokers have put israel through to accept a two state solution as the only solution in addition israel is real our answer to the critics of zionism focuses on how israeli leadership historically has been dismally weak where it has succumbed to these policies at the expense of israel s own safety security and stability

a very personal journey through jewish history and richard cohen s own and a passionate defense of israel s legitimacy richard cohen s book is part reportage part memoir an intimate journey through the history of europe s jews culminating in the establishment of israel a veteran syndicated columnist for the washington post cohen began this journey as a skeptic wondering in a national column whether the creation of a jewish state was a mistake as he recounts he delved into his own and jewish history and fell in love with the story of the jews and israel a twice promised land in the bible by god and by the world to the remnants of europe s jews this promise he writes was made in atonement not just for the holocaust but for the callous indifference that preceded world war ii and followed it and that still threatens cohen s account is full of stories from the nineteenth century figures who imagined a Zionist country including theodore herzl who thought it might resemble vienna with its cafes and music to what happened in twentieth century poland to his own relatives and to stories of his american boyhood cohen describes his relationship with israel as a sort of marriage one does not always get along but one is faithful

a bible student reference a new testament prophecy of a falling away from truth into apostasy and lawlessness in the final generation before jesus christ returns in glory is being fulfilled now and is shortly to end yet christianity has overwhelmingly moved so far from its first century roots that it could not even recognise this or that christ s return is therefore now almost upon us how and why this is the case is here explained thoroughly and logically with many examples directly from the word of god in god s saving plan for the world everyone must in time make a free will choice to become part of the israel of god in order to access eternal life in the kingdom of god the route to take is the strait and narrow way mat 7 13 14 that very few have so far

found and it involves the biblical new and old covenants which both apply to this israel embark on this voyage only if you are willing to be challenged about some basic christian preconceptions be a serious open minded bible student and trust what the bible teaches but remember that time is short what the bible has taught me i see as both vital and urgent for our eternal salvation yet i know of no church or individual theologian who teaches what this book deals with in any substantive way be prepared for major challenges to your understanding just as god has challenged me in the epistles paul refers to two israels whom he calls israel after the flesh i cor 10 18 and the israel of god gal 6 16 i focus mainly on the latter but i also explain an unexpected but critically important connection between them dependent on the teaching nearly all christian denominations either teach nothing at all on it or almost the opposite of what scripture repeatedly showed me looking back i find this absolutely staggering very few christians understand that the new covenant also only applies to israel as i will clearly show i no longer believe that the nt new testament can be fully understood without this extra israel dimension had i felt i could deliver this in a more light hearted way i would have done so but its implications are too awesome and fundamental to our eternal life prospects for that
