some say that private law ought to correct wrongs or to protect rights others say that private law ought to maximise social welfare or to minimise social cost in this book emmanuel voyiakis claims that private law ought to make our responsibilities to others depend on the opportunities we have to affect how things will go for us drawing on the work of hla hart and tm scanlon he argues that private law principles that require us to bear certain practical burdens in our relations with others are justified as long as those principles provide us with certain opportunities to choose what will happen to us and having those opportunities is something we have reason to value the book contrasts this value of choice account with its wrong and social cost based rivals and applies it to familiar problems of contract and tort law including whether liability should be negligence based or stricter whether insurance should matter in the allocation of the burden of repair how far private law should make allowance for persons of limited capacities when a contract term counts as unconscionable or unfair and when tort law should hold a person vicariously liable for another's mistakes

abc of multimorbidity is the first title to provide primary care practitioners with a practical approach to the complex issues of

treating and managing patients with more than one morbidity ageing populations and earlier diagnosis of chronic conditions mean more people are living longer with multimorbidity however treatment guidelines are often designed for treatment in isolation of other morbidities multimorbidity management therefore requires a more patient centred approach and greater knowledge and coordination of existing services effective multimorbidity management both improves overall patient well being and reduces the overall demand on health services abc of multimorbidity examines how multimorbidities can be addressed within primary care from the gp and family physician consultation through to the effective use of a range of health care services it addresses complex issues such as polypharmacy mental health patient safety patient involvement in self management and the role of the practitioner it then provides guidance on how multimorbidities can be best treated and managed within primary care through specific interventions to improve outcomes from an international primary care editor and contributor team abc of multimorbidity is a practical resource for general practitioners family physicians practice and specialist nurses and others caring for multimorbid patients it is also relevant for junior doctors medical trainees and students

an examination of telepresence technologies through the lens of contemporary artistic experiments from early video art through current drone vision works telepresence allows us to feel present through vision hearing and even touch at a remote location by means of real time communication technology networked devices such as video cameras and telerobots extend our corporeal agency into distant spaces in here there kris paulsen examines telepresence technologies through the lens of contemporary artistic experiments from early video art through current drone vision works paulsen traces an arc of increasing interactivity as video screens became spaces for communication and physical tactile intervention she explores the work of artists who took up these technological tools and questioned the aesthetic social and ethical stakes of media that allow us to manipulate and affect far off environments and other people to touch metaphorically and literally those who cannot touch us back paulsen examines 1970s video artworks by vito acconci and joan jonas live satellite performance projects by kit galloway and sherrie rabinowitz and cctv installations by chris burden these early works she argues can help us make sense of the expansion of our senses by technologies that privilege real time

over real space and model strategies for engagement and interaction with mediated others they establish a political aesthetic and technological history for later works using cable tv infrastructures and the world wide including telerobotic works by ken goldberg and wafaa bilal and artworks about military drones by trevor paglen omar fast hito steyerl and others these works become a meeting place for here and there

in human rights adjudication courts sometimes face issues that they lack the expertise or constitutional legitimacy to resolve one way of dealing with such issues is to defer or accord a margin of appreciation to the judgments of public authorities this raises two important questions what devices courts should use to exercise deference and how deference can be made more workable for judges and predictable for litigants combining in depth conceptual analysis with practice in a broad range of jurisdictions deference in human rights adjudication answers these questions it introduces six devices for deference namely the burden of proof standard of proof standard of review giving of weight choice of interpretation and choice of remedy analyzes how courts should choose amongst them and proposes techniques for rendering deference practicable the book has two distinctive features first it engages with the jurisprudence of six common law jurisdictions that apply a structured proportionality test in rights adjudication namely canada hong kong ireland israel new zealand and the united kingdom second it offers guidelines for judges who wish to apply its theoretical arguments as such deference in human rights adjudication will enable human rights adjudication to be more principled and in line with the rule of law and separation of powers insightful and pioneering this book will be an important reference for researchers teachers and students of constitutional theory comparative constitutional law and human rights law around the world it will also assist practitioners judges and policymakers who have to grapple with issues of deference in adjudication

the world health report 2012 the biannual flagship report of the world health organization focuses for the first time in its history on the theme of research for better health decisions on healthcare are still made without a solid grounding in research evidence and an impetus is required for this state of affairs to change aimed at ministers of health the report provides new ideas innovative thinking

and pragmatic advice on how to strengthen health research systems who and plos have launched an initiative to encourage researchers to complement and substantiate the key messages in world health report 2012 by creating a special who plos collection plos invited the submission of papers especially from low and middle income countries on topics related to strengthening of key functions and components of national health research systems the world health report 2012 focuses on eight specific areas discussed in the editorial within the theme of no health without research we highlight below some examples of articles previously published in plos journals in these specific areas of interest now imedpub brings this collection to you within a book

steven j duby provides a close verse by verse exegesis of the book of habakkuk setting forth the important literary and historical considerations with a view to their bearing on the theological content of the text duby shows how habakkuk fits within and contributes to the larger mosaic of god s self revelation in redemptive history and reflects on how this intersects with important points of christian doctrine the work incorporates key concepts and doctrinal insights from the church s dogmatic tradition showing how they in turn can shed light on the scriptural text the commentary includes excurses for example on the doctrine of justification elaborating on how habakkuk s message can inform biblical exegesis and christian theology today

fiscal policy has always been a primary measure of macroeconomic control the fiscal revenue and expenditure can influence the operation of the whole economic and social activities by changing the existing gdp distribution pattern affecting the consumption and investment of enterprises and people etc within the framework of macroeconomic analysis this book reviews the evolution of china s fiscal policy and the main changes china s economy has experienced since 1990s to begin with it makes an empirical research of china s national debts including their relationship with macroeconomic regulation and total social demand besides it examines the economic effect mechanism of national debts issuance then it focuses on the taxation issues elucidating the sources of tax revenue growth and the judgments on tax burden the issue of tax reduction is also covered especially its complexity in china lastly it provides insights into china s fiscal tendency changes of macroeconomic policies and financial operation in the context of

the new normal scholars and students in economics finance and chinese economic studies will be attracted by this book also it will appeal to readers interested in modern chinese economic history

this book has arisen from the belief that cultural understanding can be advanced by contrasting the work of scholars who share academic concerns but work from different cultural vantage points in the editors estimation knowledge in the caregiving field has reached the point where such comparisons can yield insight into differences not only between cultures but also between the perspectives of the scholars who study them the chapters in this book provide a rich information base for these purposes

in his praise for part i of upbuilding discourses in various spirits the eminent kierkegaard scholar eduard geismar said i am of the opinion that nothing of what he has written is to such a degree before the face of god anyone who really wants to understand kierkegaard does well to begin with it these discourses composed after kierkegaard had initially intended to end his public writing career constitute the first work of his second authorship characterized by kierkegaard as ethical ironic part one purity of heart is to will one thing offers a penetrating discussion of double mindedness and ethical integrity part two what we learn from the lilies in the field and from the birds of the air humorously exposes an inverted qualitative difference between the learner and the teacher in part three the gospel of sufferings christian discourses the philosopher explores how joy can come out of suffering
