in recent years major new archaeological discoveries have redefined the development of towns and cities in japan this fully illustrated book provides a sampler of these findings for a western audience the new discoveries from japan are set in context of medieval archaeology beyond japan by accompanying essays from leading european specialists

following recent historiographical appeals on the need to study knowledge exchanges between european maritime rivals and their impact on overseas expansionist processes this book makes this study for the portuguese overseas empire between the fifteenth and seventeenth centuries as the first european maritime power to systematically launch long distance voyages portugal became a model worth emulation when spain france england and the dutch republic started their own overseas enterprises in different chapters that each adopt a case study relation portugal spain portugal england portugal france and portugal dutch republic this book documents how portuguese maritime knowledge was outsourced by its maritime rivals the impact that portuguese nautical knowledge had is evaluated resorting particularly to a wide range of diplomatic and espionage documents finally the book discusses the alleged iberian secrecy policies regarding maritime knowledge explaining why there is no serious reason to consider their success

what makes people identify with europe to answer this question this book analyzes the development and determinants of a common european identity among eu citizens from the maastricht treaty in 1992 to the recent financial and economic crisis the author examines citizens identification with europe for all eu member states and systematically explores the theoretical and empirical implications of two turning points in the recent history of eu integration namely the eu s enlargement to central and eastern europe in

2004 2007 and the financial and economic crisis that started in 2008 the book integrates theoretical approaches to european identity in sociology social psychology and eu public opinion research in a comprehensive model for explaining individual identification with europe the empirical analysis employs a multilevel framework to systematically assess the influence of individual characteristics and the political economic and social context on citizens feelings of identity the long analysis period spanning from 1992 to the present allows inferences to be drawn about the long term developments in the sources of european identification as well as the immediate impact of eu enlargement and the crisis on the determinants of european identification

a bold new account of europe s plight as it faces political fracture economic stagnation and external challenges from the u s china and russia today europe finds itself in a fast changing polarised world dominated by chinese american rivalry the european union and its surrounding nonmember states despite initial successes after the fall of the berlin wall have failed to implement a strategy for success in the twenty first century britain s exit from the union has weakened both sides and russia s invasion of ukraine has thrown these shortcomings into sharp relief how should states across the continent position themselves in the decades to come drawing on unpublished archives and interviews with over 150 leading figures david marsh investigates europe s present crisis from the march of populism franco german malaise and the breakdown of relations with putin s russia fault lines are emerging in the monetary union while the fight against climate change has impacted growth facing its gravest test since the second world war europe must find fresh reserves of resilience and seek out renewed international partnerships to ensure success

this book which features a foreword by jean claude juncker and preface by professor harold james examines the european vocation and achievements of pierre werner 1913 2002 former prime minister finance minister and foreign minister of luxembourg unanimously recognized as one of the architects of economic and monetary union the author makes extensive use of pierre werner s previously unpublished archives belonging to the werner family opened for the first time for research purposes the book analyses the werner report negotiations within the werner committee the emergence of the committee s views on emu their political commitment to a european currency the similarities and differences between their ideas their personal networks the influence of the states they represented their theoretical and methodological input and their contribution to the political consensus chapters shed new light on various aspects of the european integration process and also on the role of luxembourg and its european policy in addition the author

has carried out a series of original interviews with luxembourg and european figures who share their memories and thoughts concerning pierre werner his achievements and his views on the european integration process and also other topics such as economic and monetary union and luxembourg s european policy this book will be of interest and value to researchers eu policy makers and students in the fields of political economy political science economic history and history of economic thought

in a historic decision at its copenhagen conference in june 1993 the european union gave the green light to an eastward expansion initially invitations to join the eu went out to just six countries of the former soviet bloc poland hungary the czech and slovak republics romania and bulgaria however it was not long before there was a queue of other applicants from eastern europe pressing at the eu s gates there were real fears in some quarters that the economic reforms demanded for entry into the eu would bring about more shock than therapy in eastern europe and that a rapid move to the market would undermine support for democracy this volume of essays by a group of internationally recognised experts focuses on the eastward expansion of the european union and the eu s relations with the applicant states the primary aim of the volume is to provide a historical and analytical account of the enlargement process and to provide readers with a scholarly road map to guide them through the intricacies of the rapidly changing enlargement terrain after region wide studies of the enlargement process there are case studies of eight countries bulgaria romania the czech republic slovakia croatia serbia poland and estonia

the main purpose of the book is to introduce the work of alan s milward and to acknowledge the full magnitude of his scientific contribution to contemporary british and european history the book is a collection of essays which provide a better understanding of alan milward s extensive intellectual work for future scholars and facilitate the knowledge and transmission of his published work to present and future generations of students scholars in the various disciplines concerned and the general public the series of original contributions which this book contains are related to or reflect critically upon milward s own contributions to the fields of political diplomatic and socio economic history political science economics international relations and european studies in general this book honors alan milward through a better understanding of his many pioneering contributions in the fields of contemporary european history in general and the history of european integration in particular although the volume does not aim to be a substitute for milward s work itself it illuminates and assesses his creative process along fifty years of continued and intense work as well as the impact of his main

work and the continuing relevance of his main theses today
