organizing social research proposals

an updated edition of the classic guide to technical communication consider that 20 to 50 percent of a technology professional's time is spent communicating with others whether writing a memo preparing a set of procedures or making an oral presentation effective communication is vital to your professional success this anthology delivers concrete advice from the foremost experts on how to communicate more effectively in the workplace the revised and expanded second edition of this popular book completely updates the original providing authoritative guidance on communicating via modern technology in the contemporary work environment two new sections on global communication and the internet address communicating effectively in the context of increased e mail and web usage as in the original david beer's second edition discusses a variety of approaches such as writing technical documents that are clear and effective giving oral presentations more confidently using graphics and other visual aids judiciously holding productive meetings becoming an effective listener the new edition also includes updated articles on working with others to get results and on giving directions that work each article is aimed specifically at the needs of engineers and others in the technology professions and is written by a practicing engineer or a technical communicator technical engineers iee society members and technical writing teachers will find this updated edition of david beer's classic writing and speaking in the technology professions an invaluable guide to successful communication

this book examines how a colonial matrix of power is established through temporality in english writing education it offers discourse analyses of higher educational policies that operate in china and saudi arabia and then triangulates this data with conversations with writing teachers from representative chinese and saudi universities drawing on all this data to understand both the structured power relations shaping educational policies and the attendant effects on the writing teachers that inhabit these spaces the book develops a decolonial comparative method and adopts the concept of temporal regime as an analytic lens it not only attends to the complex and multilayered ways that this regime controls disciplines and shapes the social wellbeing and professional practices of individual writing teachers but it also details the various ways that teachers understand experience resist negotiate and appropriate the temporal orders

this collection examines the forces and factors affecting rhetoric writing and communication expectations in the nations of the former soviet union and the eastern bloc the entries in this collection focus on four interconnected topics or contexts influencing rhetorical expectations and writing practices in these countries the four contexts are 1 the dynamics of the educational settings in which students learn about the relationships between rhetoric and writing 2 the professional environments in which students will apply their knowledge of rhetoric and writing upon completing their formal studies 3 the greater global context that affects the teaching of rhetoric and writing as connected to educational institutions becoming part of a larger and more integrated global community and 4 the factors and perceptions that affect how students apply and or expand their foundations in rhetoric and writing to communicate effectively across different forms of media by approaching ideas of rhetoric writing and communication from the perspective of these four areas this collection provides readers with a broad foundation for understanding the various overarching and interlocking contexts that affect perceptions of and practices involving communication practices and expectations in the former eastern bloc additionally this approach provides researchers teachers and students with ideas and approaches that can be used to more effectively engage both with this topic area and with individuals from these nations

in this volume methodological cultural technological and political boundaries felt by writers are analyzed translated and challenged in a way that will appeal to researchers

theorists graduate students instructors and managerial audiences instead of extracting rules from previous research the contributors working from multidisciplinary perspectives describe and analyze the social and technological contexts surrounding nonacademic writing their essays present a formative rather than summative outlook toward future research on nonacademic writing collectively these chapters articulate a unique perspective toward nonacademic writing that considers the centrality of emerging communications technologies in nonacademic writing research and the need for a socio technological perspective new technologies reshape the concept of text and significantly impact the writing process and written products in nonacademic settings the relationship between the academy and the workplace a number of chapters challenge us sometimes from opposing perspectives to scrutinize our role as writing educators in preparing students for the workplace should we support the interests of corporate employers or should we resist those interests should we enculturate students in workplace writing practices by placing them in these environments or should we examine the tacit knowledge gained by workplace professionals and deliver this via classroom instruction new theory new research agendas contributors from diverse fields offer new theoretical lenses or use established lenses in innovative ways expanding the agenda for nonacademic writing research this volume represents the vision the social landscape demands for research and pedagogy in nonacademic writing
