on making sense juxtaposes texts produced by black latino and asian queer writers and artists to understand how knowledge is acquired and produced in contexts of racial and gender oppression from james baldwin s 1960s novel another country to margaret cho s turn of the century stand up comedy these works all exhibit a preoccupation with intelligibility or the labor of making sense of oneself and of making sense to others in their efforts to make sense these writers and artists argue against merely being accepted by society on society s terms but articulate a desire to confront epistemic injustice an injustice that affects people in their capacity as knowers and as communities worthy of being known the book speaks directly to critical developments in feminist and queer studies including the growing

ambivalence to antirealist theories of identity and knowledge in so doing it draws on decolonial and realist theory to offer a new framework to understand queer writers and artists of color as dynamic social theorists

a beautiful deep thoughtful angela duckworth new york times bestselling author of grit investigation into the science of why we crave meaning and how we can pursue it in this age of anxiety these days everyone feels on edge panicked by climate change political polarization and artificial intelligence in start making sense psychologist steven j heine shows how to overcome our angst and live life with purpose heine s field existential psychology uses the tools of science to study the kinds of questions famously asked by existential philosophers such as albert camus jean paul sartre and simone de beauvoir who are we why do we seek meaning how do we connect with one another drawing on decades of research heine provides scientifically grounded answers to these mysteries he shows that humans evolved to seek meaning our survival depends on our ability to make sense of an absurd world every day we deploy an arsenal of psychological tactics to make and maintain meaning in our lives from rationalizing our choices to waxing nostalgic about the past to defending our cultural worldviews by understanding why and how we seek to make sense we can live authentic lives in times that don t seem to make sense at all this illuminating book transforms the way we understand our search for meaning and provides a blueprint for building a better life

suffering may be universal but it is not universally understood in this collection scholars from many nations and disciplines explore theoretical and practical approaches to understanding suffering as well as the ethics and effects of representing suffering in art and literature

making sense of messages now in its second edition retains the apprenticeship approach which facilitates effectively learning the complex content and skills of rhetorical theory and criticism a new chapter on the rhetoric of ignorance provides needed theory and examples that help students deal with the new rhetorical landscape marked by such discursive complexities as fake news whataboutism and denial of science that creates rather than reduces uncertainty in public argument a new chapter curating and analyzing multimodal mediated rhetoric deals with problems of media criticism in the digital age it provides theory models of application and commentary that help novice critics understand and mindfully practice criticism that leads to insight not mere opinion throughout the book extended and updated examples and commentaries are designed to promote novice to expert agency in students this textbook is ideal for introductory courses in contemporary rhetoric rhetorical criticism and critical analysis of mass media

collective sense making starts with individual stories stories influence how we construct our sense of self in relation to others and our social environment especially within the world of work the stories we tell ourselves at work particularly during times of change impact our relationships and the collaboration with those who are engaged in the same work activities stories that we take for granted as common sense may not resonate with others leading to conflict and tensions this book focuses on the development of collaborative practices at work and in organisations through collaborative storytelling from sharing stories to exchanging experiences and building a common narrative collectively this open access book will be of interest to practitioners and academics working in the fields of adult education equity and inclusion human resource management practice based studies organisational studies

qualitative research methods sensemaking storytelling and workplace identity

this book will give teachers from all subject areas the confidence to explore the possibilities of drama in the classroom

this open access book explores the wicked problem of immigrant work integration with specific examples from canada bringing together a variety of disciplinary perspectives it discusses immigrant work integration as a process of sensemaking involving multiple actors immigrants organizations communities and governments and multiple scales individual interactional organizational and institutional the authors identify key players issues practices of support and avenues for future research this work contributes to enhancing the social impact of academic research by providing a comprehensive overview of the field of immigrant work integration for researchers in global mobility and organizational studies as well as practitioners

provides an introduction to social research this book presents research methods as an integrated whole with balanced treatment of qualitative and quantitative methods integration of substantive examples and research techniques and consistent attention to the goal of validity and the standards of ethical practice

child sexual exploitation cse is now high on the social care agenda but what is it how is it different from other forms of child sexual abuse this important book puts forward the rarely heard voices of children and young people who have experienced cse and the professionals who have worked with them to answer these questions taking a critical perspective hallett also addresses the possibility that further problems might arise from the framing of child sexual exploitation which can have serious implications for the ways that society responds to cse and to the children and young people caught up in it central to the discussion are themes such as youth childhood care and power making for an important sociological contribution to this under researched field the book challenges the dominant way of thinking about cse and with new and valuable practice and policy relevant insights is also essential reading for those working or training to work with children and young people

grounded in the sister disciplines of sociology and anthropology this textbook is an accessible and critical introduction to contemporary social research alex khasnabish eschews the common disciplinary silos in favour of an integrated approach to understanding and practising critical social research situated in the north american context the text draws on cross cultural examples to give readers a clear sense of the diversity in human social relations it is organized thematically in a way that introduces readers to the core areas of social research and social organization and takes an unapologetically radical approach in identifying the relations of oppression and exploitation that give rise to what most corporate textbooks euphemistically identify as social problems focusing on key dynamics and processes at the heart of

so many contemporary issues and public conversations this text highlights the ways in which critical social research can contribute to exploring understanding and forging alternatives to an increasingly bankrupt violent unstable and unjust status quo
