brings together a set of studies that explore the dynamics of conversation between sellers and customers in shop interactions

this study considers the social and political aspects of kierkegaard s authorship building upon work over the last couple of decades dr lappano focuses on kierkegaard s writing between 1846 and 1852 the period of kierkegaard s more explicitly politicized writing

in this volume mark bevir argues that postfoundationalism is compatible with humanism and historicism he shows how postmodernists especially derrida and foucault drew on structuralism and the avant garde in ways that led them to downplay human agency and historical context he then explores how we today might recover and rethink humanism and historicism and finally he discusses the critical and ethical practices that such ideas might inspire

cities of ideas civil society and urban governance in britain 1800 2000 addresses the changing nature of individualism and public service in the 19th and 20th centuries and consists of a collection of essays authored by senior figures in economic social cultural and educational history the question of the balance between the life of the private citizen and the need to play an active role in the wider community is one that recurs throughout history in this book the shifting nature of civic responsibility between 1800 and 1990 is addressed looking at the balance of individual and collective responsibilities as well as obligation to a growing democratic state the ten essays by leading scholars in the field of urban and social history offer fresh and important insights into governance and civil society in the modern period

this volume focuses on the various phenomena of religious encounters in a transcultural society where religion or religious traditions play a significant role in a multi cultural concept religious encounters in transcultural society is divided into three parts islamic encounters with regional religions east asian religious encounters and alternative religious encounters this book evokes the fact that religious encounters exist in every transcultural society even though they often remain hidden behind socio cultural issues the situation can be changed but one culture cannot harmoniously and always contain two or multi beliefs the issue of religious encounters mostly arises in the transnational process of religious globalization

anthony giddens has been in the forefront of developments in social theory for the past decade in the constitution of society he outlines the distinctive position he has evolved during that period and offers a full statement of a major new perspective in social thought a synthesis and elaboration of ideas touched on in previous works but described here for the first time in an integrated and comprehensive form a particular feature is giddens's concern to connect abstract problems of theory to an interpretation of the nature of empirical method in the social sciences in presenting his own ideas giddens mounts a critical attack on some of the more orthodox sociological views the constitution of society is an invaluable reference book for all those concerned with the basic issues in contemporary social theory

many declare the debate about abortion to be hopelessly polarised between conservatives and liberals between forces religious and secular in this book mumford upends this received wisdom and challenges consensus arguing that many dominant attitudes and argument fail to take into account the particular way human beings emerge in the world

provides timely comparative analysis from internationally known contributors

breakthroughs in biomedicine often lead to new life giving treatments but may also raise troubling even life and death quandaries society's choices discusses ways for people to handle today's bioethics issues in the context of america's unique history and culture and from the perspectives of various interest groups the book explores how americans have grappled with specific aspects of bioethics through commission deliberations programs by organizations and other mechanisms and identifies criteria for evaluating the outcomes of these efforts the committee offers recommendations on the role of government and professional societies the function of commissions and institutional review boards and bioethics in health professional education and research the volume includes a series of 12 superb background papers on public moral discourse mechanisms for handling social and ethical dilemmas and other specific areas of controversy by well known experts ronald bayer martin benjamin dan w brock baruch a brody h alta charo lawrence gostin bradford h gray kathi e hanna elizabeth heitman thomas nagel steven shapin and charles m swezey
