over the last two decades the american academy has engaged in a wide ranging discourse on faith and learning religion and higher education and christianity and the academy eastern orthodox christians however have rarely participated in these conversations the contributors to this volume aim to reverse this trend by offering original insights from orthodox christian perspectives that contribute to the ongoing discussion about religion higher education and faith and learning in the united states the book is divided into two parts essays in the first part explore the historical experiences and theological traditions that inform and sometimes explain orthodox approaches to the topic of religion and higher education in ways that often set them apart from their protestant and roman catholic counterparts those in the second part problematize and reflect on orthodox thought and practice from diverse disciplinary contexts in contemporary higher education the contributors to this volume offer provocative insights into philosophical questions about the relevance and application of orthodox ideas in the religious and secular academy as well as cross disciplinary treatments of orthodoxy as an identity marker pedagogical framework and teaching and research subject

religion and science fiction an introduction guides students into deeper understanding of how religion and science fiction engage often overlapping questions this textbook introduces key ideas of religious studies through critical consideration of print and visual media that fall within the general category of science fiction the goal throughout is to help students move beyond simply identifying points of interrelation between religious studies and forms of what is often called more broadly speculative fiction to considering how the studied texts open new ways of thinking about human and nonhuman experience taken to be religious with discussion questions lists of key terms extensive additional resources and suggestions for projects and essay questions this book is a foundational text for students and instructors of religion and science fiction

is confucianism a religion if so why do most chinese think it isn't from ancient confucian temples to nineteenth century archives to the testimony of people interviewed by the author throughout china over a period of more than a decade this book traces the birth and growth of the idea of confucianism as a world religion the book begins at oxford in the late nineteenth century when friedrich max müller and james Legge classified confucianism as a world religion in the new discourse of world religions and the emerging discipline of comparative religion anna sun shows how that decisive moment continues to influence the understanding of confucianism in the contemporary world not only in the west but also in china where the politics of confucianism has become important to the present regime in a time of transition contested histories of confucianism are vital signs of social and political change sun also examines the revival of confucianism in contemporary china and the social significance of the ritual

practice of confucian temples while the chinese government turns to confucianism to justify its political agenda confucian activists have started a movement to turn confucianism into a religion confucianism as a world religion might have begun as a scholarly construction but are we witnessing its transformation into a social and political reality with historical analysis extensive research and thoughtful reflection confucianism as a world religion will engage all those interested in religion and global politics at the beginning of the chinese century

the palgrave handbook of african traditional religion interrogates and presents robust and comprehensive contributions from interdisciplinary experts and scholars offering a range of perspectives and opinions through the prism of understanding the past about african traditional religions and more importantly capturing their dynamics in the present and projecting their sustainability and relevance for the future this volume is an essential resource for knowledge and understanding of african traditional religions in the global space of religious traditions

this book articulates a contextual pneumatology from a perspective of the eastern idea of ch i ki in korean rather than understanding the spirit from a westernized philosophical perspective this book utilizes east asian categories rooted in the i ching and asian religions in dialogue with such prominent western theologians as barth pannenberg moltmann and harvey cox the result is an exciting interaction between the bible traditions of the west and experiences of the spirit rooted in east asia yun argues that the formal dimension of the spirit sangjeok is present and active in all cultures and religions while the material dimension of the spirit muljeok is categorically revealed and embodied through the life of jesus christ the event of pentecost and charisms given to the church in making his case he mediates a creative balance between countercultural and exclusivist models on the one hand and pluralistic and anthropocentric models on the other

since its inception around 1970 the study of new religious movements nrms has evolved into an established multidisciplinary field at the same time both the movements and the scholars who study them have been the subjects of intense controversy in this volume a group of senior nrm scholars who have been instrumental in the development of the field will offer pivotal essays that present the basics of nrm scholarship along with guidance for teachers on classroom use the book is organized topically around subjects that are both central to the study of nrms and likely to be useful to non specialists part i contains examinations of the definitional boundaries of the area of study varying disciplinary perspectives on nrms unique methodological ethical problems encountered in the study of nrms and the controversies that have confronted scholars studying nrms and the movements themselves part ii examines a series of topics central to teaching about nrms the larger sociocultural significance of the movements their distinctive symbolic and organizational features the interrelated processes of joining and leaving nrms the organization of gender roles in nrms media and popular culture portrayals of the movements the occurrence of corruption and abuse within movements and violence by and against nrms part iii provides informational resources for teaching about nrms which are particularly important in a field where knowing the biases of sources is crucial with its interdisciplinary approach the volume provides comprehensive accessible information and perspectives on nrms it is an invaluable guide for instructors navigating this scholarly minefield

in the great commission jesus told his followers to go and make disciples of all nations but today you don t need to be a missionary in another country to come across different cultures in your neighborhood

school workplace and shopping area you probably run across many people with backgrounds vastly different from your own to have an effective ministry in the u s today outside or inside the church christians need to be aware of how people s culture affects the ways they think and live talking about cultural diversity in your church gives classes workshops or small groups the opportunity to discuss issues of multiculturalism presenting what culture means in the first part of the book shows how understanding and misunderstandings of culture affect american society this beginning section encourages readers to be aware of their own cultural assumptions and how these assumptions color relations with others it then highlights special skills for communicating between cultures and highlights the special challenges for religion in a pluralistic society but the heart of the book is eleven case studies with discussion questions these concrete cases allow participants to see about how their understandings of culture have real world implications and the discussion questions let participants talk in meaningful ways about these difficult issues if you want a useful discussion about multiculturalism in your congregation you should take a look at talking about cultural diversity in your church visit the author s web page

with respect to the countries of the world this work addresses two basic questions how does religion affect politics in this country and how does politics affect religion in this country although there are many books on the topics of religion and politics reference works that consider the two together are few with those that do exist primarily addressing theory rather than trends the present work does the latter contextualizing them within regional and national boundaries in so doing it recognizes the power of political and religious ideas and movements on individuals communities and nations making the work a valuable resource for several disciplines among them political science international relations religion and sociology the work focuses on the interplay of religion and politics in countries around the world with an emphasis on the post 2000s it is organized by global geographic regions including africa central and south america and the middle east and presents countries alphabetically within those sections each region has a brief overview of the political religious dynamics of the area so readers can compare and contrast the dynamics between and among countries in a region the work also includes an introduction sidebars and a bibliography
