initially introducing compliance functions within the financial industry had been forced by regulatory scrutiny later it started to spread to other regulated companies in particular those publicly listed now compliance has become an asset of corporates that want to build their reliability among clients shareholders employees and business partners this book looks at the

efficiency of the compliance measures introduced and the best practices of building compliance norms this recently observed practice of compliance was triggered by the expectation of regulators shareholders clients business partners and the public for robust compliance mechanisms this book looks at the vast interest in this topic among business people who strive to introduce the systems and the mechanisms of non compliance risk management in their companies and at the uncountable difficulties and obstacles they meet the book fills the gap of thorough analysis of this subject by pointing out the solutions successfully introduced in global financial organizations and would be of interest to academics researchers and practitioners in corporate finance corporate governance and risk management

micro schools redefining education in the 21st century explores the transformative potential of small student centered learning environments that prioritize flexibility personalization and innovation this edited volume examines how micro schools challenge conventional educational models by fostering individualized instruction collaborative learning and strong teacher student relationships emphasizing creativity technology integration and community involvement micro schools emerge as a powerful response to the diverse needs of 21st century learners through research case studies and expert insights this book provides educators policymakers and stakeholders with practical perspectives on how micro schools can drive educational reform and create more inclusive adaptive and future ready learning ecosystems additional information ebook format bluerose googleplay global distribution no amazon prime availability yes target audience adult has artificial intelligence been used in the creation of this manuscript yes no preferred email id and phone number professorkushwaha gmail com 8273910901

how can the built environment help in the understanding of social and economic changes involving ancient local communities arab settlements aims to shed light on the degree to which economic and political changes affected social and identity patterns in the regional context from the nabatean through to the umayyad and abbasid periods

while thousands of cross border disputes are successfully resolved each year through institutional arbitration there appears to be little understanding of the functions exercised by arbitral institutions and their impact on the proceedings they administer much like the user of a computer may operate with relative success a machine which he does not fully comprehend users of institutional arbitration have for many decades resolved their disputes successfully through institutional arbitration without fully understanding the precise nature of the functions of what is a key player in the process this book rectifies this paradoxical gap it offers a clear yet nuanced overview of the diverse and complex reality of institutional arbitration while challenging the assumptions conventionally held as to the role of arbitral institutions this book is the product of a systematic study of the activities performed by over forty leading international arbitration institutions worldwide in their administration of cases including the icc lcia icdr scc siac hkiaac jams cietac klrca dis dia nai cepani etc this book also examines a

wealth of court decisions and bibliographical sources from the leading civil law and common law jurisdictions e g france england wales the united states switzerland germany this book is invaluable to academics and practitioners interested in furthering their theoretical and practical understanding of institutional arbitration and arbitral institutions

after 70 years after independence the tragic reality of indian schools is that who we are where we live how much we earn and our gender influences the kind of education we will get in this collection of essays the author explores the contours of a school system that is facing a crisis of legitimacy while india aspires to march towards a knowledge driven society and economy millions of young people are left behind those who can afford march out of government schools only to realize that the private schools are no better the schools they attend leaves them with little knowledge or skill a very low self esteem and a bleak future this book argues that the struggle for equality in education is ultimately a struggle for quality both being two sides of the same coin please note taylor francis does not sell or distribute the hardback in india pakistan nepal bhutan bangladesh and sri lanka

inclusive growth in australia overturns two decades of assumptions that social policy is wasteful and a source of dependency it reflects a global resurgence of the understanding that an active and effective social policy regime is vital not only for a flourishing society but also for a strong economy it explains this new paradigm of inclusive growth and shows how it can be implemented in australia inclusive growth dismantles the idea that social development will automatically trickle down from untrammelled market based growth rather growth must be managed so that it is employment centred broad based across sectors and with a social security system promoting sustainability and equality of opportunity the editors argue that productivity is nearly everything when it comes to raising living standards so while social policies will be about goals other than the economy they must demonstrate their compatibility with an economic growth strategy with contributions from leading national and international experts in the field including marian baird grant belchamber gerald burke saul eslake roy green and peter whiteford inclusive growth in australia shows that welfare state spending is as much an economic investment as a measure of social protection written for policy makers

industry and ngos as well as students inclusive growth in australia locates australian economic and social policy within the most important emergent themes shaping international debate

this new and engaging core textbook offers a unique line manager perspective that presents students with hrm topics and issues that they will be confronted with once they enter the world of work in a managerial role it is a concise text that focuses on providing students with all they need to know to equip them with a comprehensive understanding of the role the non hr manager plays in the day to day running of an organization the author s deep understanding and wide ranging knowledge of the subject matter means that the text is firmly founded on the latest research while the case studies topical and international examples and experiential exercises that form a fundamental part of the book ensure that theory is always clearly applied to real world practice this text is an essential companion for mba and postgraduate students who are studying modules on human resource management or managing people but who are non hrm specialists and do not require the exhaustive detail found in other hrm texts it is also suited for use alongside upper level undergraduate modules on these topics on mainstream business degrees

music schools in changing societies addresses the need to understand instrumental and vocal pedagogy beyond the individual sphere of teacher student interactions and psychological phenomena focusing instead on the wider sociocultural spatial and institutional contexts of music education viewing music education through the perspective of collaboration the book focuses on the context of european music schools which have developed a central role in publicly funded educational and cultural systems the authors demonstrate that multilevel collaboration is a vital part of how music educators and the schools where they work can respond to wider societal concerns in ways that improve educational quality presenting examples of innovative practices and collaborative settings from twelve european countries this book offers new and inspiring perspectives on how music schools can support the transformation towards collaborative professionalism in instrumental and vocal music education with contributions from a wide range of researchers and professional educators the book shows how a collaborative approach to music education can address major policy issues such as inclusion democracy and sustainability addressing current institutional and curricular challenges music schools in changing societies presents a unique outlook on how music schools in contemporary societies can survive and thrive in times of change

is the accreditation system broken as claimed by successive secretaries of education and some recent reports this book addresses this question head on asking whether accreditation is indeed in need of radical reform and whether the agencies authority should be curtailed or whether in fact the changes now underway that accrediting agencies contend ensure rigorous and consistent standards and degrees that are a reliable gauge of student attainment are moving the academy and the nation in the right direction in a sweeping and ambitious book paul gaston deploys his knowledge and experience as a peer reviewer for three regional accrediting agencies a former board member and chair of the association of specialized and professional accreditors and his involvement in the early stages of the council for higher education accreditation to go beyond the polemics to explore whether a strategy that builds on the emerging values and good practices can achieve the substantive and positive improvements the public is demanding as an introduction for readers new to the debate he provides a

brief overview of the development of accreditation its terminology and structure describing how it currently works and what it has achieved and offers insight into the proliferation of the missions of accreditation as well as the multiplicity of stakeholders with an interest in its outcomes to question whether the mandate of accreditation should as some contend be expanded or particular missions reassigned or abandoned this established he undertakes a dispassionate analysis of the arguments and recommendations of critics and supporters of the current direction of accreditation to identify common ground and explore constructive ways forward paying specific attention to current and potential reforms of the three sectors of higher education accreditation the seven regional accrediting associations the national accreditors and programmatic or specialized accreditation the book concludes by outlining a comprehensive approach to reform his proposal would preserve practices that already work well while advancing important changes that can be incrementally implemented the result would be a higher education accreditation structure more cost effective more efficient more transparent and accountable and more responsive to institutional and public needs

who s afraid of for profit education those who work in non profit or government owned and operated schools many parents and other stakeholders have been made fearful by this education establishment what s more important to humans nutrition or education nutrition is more important because it is the prerequisite for other human activities including education what organizations provide food and who pays for the food food is provided by for profit farmers for profit processors for profit wholesalers and for profit retailers most food is purchased with the consumers own money but a significant amount is purchased by low income individuals using food stamps why can t education be provided similarly using education stamps we trust for profit enterprises to provide our food why can t we trust for profit enterprises to provide k 12 education fearmongers have frightened us and made us into gullible compliant socialists who despise commercial activities in education go to the supermarket and ponder its marvelous array of foods and then contemplate how a for profit k 12 education sector would please and amaze its customers

creating safe equitable engaging schools brings together the collective wisdom of more than thirty experts from a variety of fields to show how school leaders can create communities that support the social emotional and academic needs of all students it offers an essential guide for making sense of the myriad evidence based frameworks resources and tools available to create a continuous improvement system chapters illustrate how leaders can leverage the power of school based teams to assess the needs of students in their school and select appropriate interventions across a wide variety of domains including social and emotional learning trauma restorative practices cultural responsiveness and student and family engagement filled with recommendations gleaned from research and ongoing work in every us state and territory creating safe equitable engaging schools is a critical resource for understanding and adopting evidence based practices and making programmatic decisions to ensure the ideal conditions for learning growth and development

this book constitutes the first comprehensive publication on the duty of care of international organizations towards their civilian personnel sent on missions and assignments outside of their normal place of activity while the work of the civilian personnel of international organizations often carries an inherent risk the regulations policies and practices of the employer can help to address and mitigate that risk in this book the specific content and scope of the duty of care under international law is clarified by conducting an unprecedented investigation into relevant jurisprudence and legal sources included is a critical assessment of the policies of selected international organizations while a set of guiding principles on the duty of care of international organizations is also presented this publication fills a gap in the existing academic literature on the topic and is aimed particularly at academics and practitioners interested in the legal implications of the deployment of civilian personnel abroad by international organizations this includes scholars and university level students specializing in international law international human rights law the law of international organizations labour law eu law international administrative law and the un system and practitioners such as lawyers and consultants representing or advising international organizations or their personnel on the legal aspects of deployment the book is also aimed at the senior management of international organizations and at their officers in charge of recruitment human resources training and security in that it clarifies their legal obligations and provides concrete examples of the policies various international organizations have in place for the protection of civilian personnel current and prospective civilian personnel of international organizations should also find the book useful for clarifying their rights and duties andrea de guttry is full professor at the dirpolis institute of the sant anna school of advanced studies in pisa micaela frulli is associate professor at the dipartimento di scienze giuridiche dsg university of florence edoardo greppi is full professor at the dipartimento di giurisprudenza university of turin and chiara macchi is research fellow at the dirpolis institute of the sant anna school of advanced studies in pisa
