when the philadelphia phillies signed dick allen in 1960 fans of the franchise envisioned bearing witness to feats never before accomplished by a phillies player a half century later they re still trying to make sense of what they saw carrying to the plate baseball s heaviest and loudest bat as well as the burden of being the club s first african american superstar allen found both hits and controversy with ease and regularity as he established himself as the premier individualist in a game that prided itself on conformity as one of his managers observed i believe god almighty himself would have trouble handling richie allen a brutal pregame fight with teammate frank thomas a dogged determination to be compensated

on par with the game's elite an insistence on living life on his own terms and not management's what did it all mean journalists and fans alike took sides with ferocity and they take sides still despite talent that earned him rookie of the year and mvp honors as well as a reputation as one of his era's most feared power hitters many remember allen as one of the game's most destructive and divisive forces while supporters insist that he is the best player not in the hall of fame god almighty himself the life and legacy of dick allen explains why mitchell nathanson presents allen's life against the backdrop of organized baseball's continuing desegregation process drawing out the larger generational and business shifts in the game he shows how allen's career exposed not only the racial double standard that had become entrenched in the wake of the game's integration a generation earlier but also the forces that were bent on preserving the status quo in the process god almighty himself unveils the strange and maddening career of a man who somehow managed to fulfill and frustrate expectations all at once

the covid 19 pandemic has had an impact on every aspect of our social cultural and commercial lives including the world of sport this book examines the ethical and philosophical dimensions of the intersection of covid 19 and sport the book goes beyond simple description of the impact of the pandemic on sport to offer normative judgments on how the sporting world responded to challenges posed by covid 19 as well as philosophical speculation as to how covid 19 will change our understanding and appreciation of sport in the long term it examines the considerations that either influenced or arguably should have influenced decisions to continue or to resume the playing of organized sport in the midst of a pandemic as a part of this analysis a spotlight is shone on how sport intersected with political issues surrounding covid 19 it also explores the configuration and meaning of sport in the covid 19 era touching on themes such as the nature of sport and its integrity and sport's relationship to technology other themes include the changed nature of spectatorship suffering in sport during pandemic times and the impact of covid 19 on the olympic and paralympic games a final chapter looks ahead and asks what sport might look like in a post covid world this is fascinating reading for anybody with an interest in the ethics and philosophy of sport the sociology of sport event studies politics or public health

sport is a geographic phenomenon the physical and organizational infrastructure of sport occupies a prominent place in our society this important book takes an explicitly spatial approach to sport bringing together research in geography sport studies and related disciplines to articulate a critical approach to sports geography critical geographies of sport illustrates this approach by engaging directly with a variety of theoretical traditions as well as the latest research methods each chapter showcases the merits of a geographic approach to the study of sport ranging from football to running horseracing and professional wrestling including cases from asia africa the middle east europe and the americas the book highlights the ways that space and power are produced through sport and its concomitant infrastructures agencies and networks holding these power relations at the center of its analysis it considers sport as a unique lens onto our understanding of

space truly global in its perspective it is fascinating reading for any student or scholar with an interest in sport and politics sport and society or human geography

some of the best players in major league baseball were born outside the united states with latino players representing one of the fastest growing ethnicities in the league current and former stars such as albert pujols rod carew and miguel cabrera all found incredible success in mlb they have won major awards guided their teams to the postseason played in all star games and an elite few have been enshrined in the baseball hall of fame latino stars in major league baseball from bobby abreu to carlos zambrano celebrates the ever increasing diversity of baseball in america it includes more than 140 in depth profiles of retired and active ballplayers representing countries across latin america and the caribbean for many of these players the road to the show wasn t easy discrimination poverty language barriers and government restrictions are major obstacles that latino players have faced in the past and continue to face today author jonathan weeks covers these struggles and more in the profiles showing the players strength resiliency and ultimately their rise to the top of professional baseball latino stars in major league baseball is a definitive collection of the best and brightest latino stars both past and present full of colorful anecdotes and inspiring stories this book provides a rich understanding of latino players impact on baseball in the united states

historians in recent years have paid considerable attention to sport and leisure in the past and historians of education are no exception the chapters in this book showcase the breadth and depth of scholarship in this area bringing new perspectives to bear on the history of physical education in several different european countries ranging from schoolgirl cricket in early postwar england to the varying approaches to physical education in the nineteenth century netherlands the contributions all emphasise the importance of physical education to wider conceptions of education for citizenship a number of chapters tackle issues in gender history while others focus on the effects often unintended of policy makers and the conflicts that could arise from the imposition of new physical education curricula covering england scotland france germany the netherlands and greece this book features the work of both established and emerging scholars and is an important contribution to the historiography of both education and sport this book was originally published as a special issue of history of education
