i hate writing may be the only page turner textbook out there j m bohannon gives her readers invaluable writing advice using an uplifting modern voice tinged with humor she takes her readers through the stages of writing a paper giving detailed advice on how to find topics

turn ideas into words and organize those words into coherent paragraphs with seamless transitions she shows her readers how to revise their own work and through her critical questions teaches them to become critical readers she also explains how to find outside sources and how to include those sources in a paper too many students approach writing at the university level as a scientist approaches a volatile experiment with protective suit goggles gloves and forceps they struggle to write without contaminating that writing with anything resembling personality don't let that student be you your unique voice should blast through your writing letting everyone know there's a person behind your words

this book provides an accessible yet comprehensive introduction to the study of the dialects of English as they are spoken around the world from the earliest dialect dictionaries of the sixteenth century to contemporary research emerging from the field of geolinguistics organised into ten thematic chapters it explores and evaluates the methods and purposes of each approach to the study of dialectal variation with full explanations of technical terms throughout illuminating one of the most productive fields of interest in language study this compelling book is essential reading for students of dialect and regional difference in English

the aim of this volume is to bring together contributions from international research on writing and motivation it not only addresses the basic question of how motivation to write can be fostered but also provides analyses of conceptual and theoretical issues at the intersection of the topics of motivation and writing what emerges from the various chapters is that the motivational aspects of writing represent a rich productive and partially still unexplored research field this volume is a step in the direction of a more systematic analysis of the problems as well as an effort to present and compare various models perspectives and methods of motivation and writing it addresses the implications of writing instruction based on the 2 main approaches to writing research cognitive and socio-cultural it provides systematic analysis of the various models perspectives and methods of motivation and writing it brings together the international research available in this burgeoning field

the high degree of internet penetration and its social and linguistic effects evidently influence how people and especially the highly

susceptible younger generations use language the primary aim of the book is not only to identify the characteristic features of the digital language variety this has already been done by several works but to examine how digital communication affects the language of other mediums of communication orality handwritten texts digitally created but not digitally perceived that is printed texts including in particular advertisements which quickly respond to linguistic change naturally the book presents the characteristics of the digital language variety and coins the term digilect but only to give a framework to the impact analysis it is important to document changes in progress and thus direct attention to potential outcomes the current linguistic change is different from previous ones primarily in its speed and form of spreading and it not only brings innovative grammatical forms and writing spelling solutions but may also have far reaching cultural and educational consequences in the long run
