this handbook is the first of its kind addressing gender issues in health in five countries of the south asian region namely bangladesh india pakistan and sri lanka adopting a social determinant of health perspective and an intersectionality and diversity lens the handbook illustrates the multi layered complexities of gender health and well being from the diverse perspectives and lived experiences in different south asian countries it includes studies on under researched and often invisible marginalized populations such as lgbtqi populations urban poor persons living with disability migrant and conflict affected populations it represents the voices of the elderly adolescents and young people it goes beyond analyzing the problem of gender inequities in health and present examples of gender transformative policies programmes and social movement action it is an essential resource for researchers policy makers students in public health and community based organizations involved in research policies or programs related to sex work public health social justice and gender based violence

this book provides a broad picture of sri lanka's ongoing political and economic crisis as the culmination of several centuries of colonial and neo colonial developments the book presents the sri lankan crisis as an exemplification of a broader global existential crisis facing more and more debt trapped countries especially in the post colonial global south the book's in depth case study raises important questions pertaining to sovereignty and political and economic democracy in sri lanka and the world at large the book also explores the emergence of the crisis in the context of the accelerating geopolitical conflict between china and the usa in the indian ocean it ponders if the debt crisis economic collapse and political destabilization in sri lanka were intentionally precipitated to the advantage of the quadrilateral alliance usa india australia and japan moving beyond geopolitical rivalry the book juxtaposes sri lanka's political economic crisis with the broader ecological crisis of climate change and sea level rise the book concludes with a consideration of the ethical dilemmas behind the debt and survival crisis in sri lanka and across the world it points out a range of social movements and initiatives in sri lanka and the global south which subscribe to collective and ecological alternatives and a middle path of sustainability and social justice

drug safety in developing countries achievements and challenges provides comprehensive information on drug safety issues in developing countries drug safety practice in developing countries varies substantially from country to country this can lead to a rise in adverse reactions and a lack of reporting can exasperate the situation and lead to negative medical outcomes this book documents the history and development of drug safety systems pharmacovigilance centers and activities in developing countries describing their current situation and achievements of drug safety practice further using extensive case studies the book addresses the challenges of drug safety in

developing countries provides a single resource for educators professionals researchers policymakers organizations and other readers with comprehensive information and a guide on drug safety related issues describes current achievements of drug safety practice in developing countries addresses the challenges of drug safety in developing countries provides recommendations including practical ways to implement strategies and overcome challenges surrounding drug safety

this volume examines the unique characteristics of akshara orthography and how they may affect literacy development and problems along with the implications for assessment and instruction even though akshara orthography is used by more than a billion people there is an urgent need for a systematic attempt to bring the features research findings and future directions of akshara together in a coherent volume we hope that this volume will bridge that gap akshara is used in several indic languages each calling it by a slightly different name for example aksharamu in telugu akshara in kannada and akshar in hindi it is the bhrami derived orthography used across much of the indian subcontinent there is a growing body of research on the psycholinguistic underpinnings of learning to read akshara and the emerging perspective is that akshara even though classified as alphasyllabaries abugida and semi syllabic writing systems is neither alphabetic nor syllabic rather akshara orthography is unique and deserves to be a separate classification and needs further investigation relating to literacy acquisition in akshara the chapters in this volume written by leading authors in the field will inform the reader of the current research on akshara in a coherent and systematic way

a food system comprises the entire range of actors and interlinked activities related to food production processing distribution marketing and trade preparation consumption and disposal when a food system operates without compromising the needs of future generations it is considered to be a sustainable food system the present day food systems in sri lanka are diverse and the natural and physical environment infrastructure institutions society and culture and policies and regulations within which the food systems operate as well as the technologies employed have shaped their outcomes agricultural research is a key factor in terms of innovation and technological advances innovation has been the main driver of food systems transformation over the past few decades and will be critical to addressing the needs of a rapidly growing population in a context of climate change and scarcity of natural resources in addition agricultural research must help meet the rising demand for food at affordable prices comprising 17 chapters written by specialist s in their respective subject areas this contributed volume on agricultural research for sustainable food systems in sri lanka a historical perspective shares the scientific knowledge accumulated by the

national agricultural research system of sri lanka including universities and offers recommendations on how to make food systems more sustainable in order to address the current needs of sri lankan society it presents perspectives on four key thematic areas namely i crop and animal production management and improvement ii agro product processing technologies iii natural resource management and iv socio economic development and agri business management

asian populations are among some of the fastest growing cultural groups in the us while books on serving other target groups in libraries have been published e g disabled latino seniors etc few books on serving library users of asian heritage have been written thus the timely need for this book rather than a generalized overview of asians as a whole this book has 24 separate chapters each on 24 specific asian countries cultures of east southeast and south asia with a wealth of resources for understanding interacting with outreaching to and serving library users of each culture resources include cultural guides both print and online language helps with sample library vocabulary asian booksellers nationwide cultural groups professional literature and more resources and suggestions are given for all three types of libraries public school and academic making this book valuable for all librarians the demographics of each asian culture numbers and distribution plus history of immigration and international student enrollment is also featured as a bonus each chapter spotlights a us public school and academic library providing model outreach to asian library users additionally this book provides a detailed description and analysis of libraries in each of the 24 asian countries the history development facilities conditions technology classification systems and more of public school and academic libraries are all discussed with detailed documentation country conditions influencing libraries and library use are also described literacy levels reading cultures languages and writing systems educational systems and more based on the author s 15 years of research and travels to asia this work is a must have for all librarians

in 2009 after decades of conflict the sri lankan government proclaimed the decisive defeat of the liberation tamil tigers of elam subsequently the state proved resistant to attempts by the un and other international bodies to promote post war reconciliation or reform in this incisive new work judith large investigates the ways in which the rajapaksa government was able to subvert international diplomatic efforts as well as exploring the wider context of rising sinhalese nationalism the attendant growth of discrimination against minorities and efforts by both the diaspora and citizens within sri lanka to work towards a positive peace push back is vital reading not only for those interested in sri lanka but also for those concerned about the wider implications of the conflict for human rights peace making and geopolitics

this publication describes the history of malaria in sri lanka detailing the steps taken towards its elimination and the subsequent strategies and policies implemented to prevent its re establishment it highlights the challenges and lessons learned during the elimination process and describes the essential elements required for sustaining a malaria free status considering sri lanka s ongoing susceptibility when sri lanka joined the global malaria eradication programme gmep in the 1950s malaria had been endemic for centuries following the reduction of malaria cases to near elimination levels by 1963 sri lanka experienced a resurgence that persisted for 5 decades in the late 1990s aligning with the who roll back malaria initiative sri lanka successful renewed its efforts to defeat the disease the last indigenous malaria cases were reported in 2012 and sri lanka was certified malaria free by who in 2016 a robust prevention of re establishment programme has maintained zero indigenous malaria post elimination the insights derived from sri lanka s experience offer valuable guidance for other countries striving to eliminate malaria and prevent its re establishment making this publication a pertinent resource for researchers public health officials and policymakers in the field of global health

this book draws lessons from the story of sri lanka s post conflict development in the context of a struggle for socio political reconciliation a turbulent world economy and difficult internal and external political challenges heightened volatility in the global economy and intensifying geopolitical rivalries pose complex policy challenges for small countries embarking on post conflict daunting challenges to sustain peace development needed to be broad based and inclusive it needed to rapidly reconstruct war devastated regions restore macroeconomic stability while delivering a peace dividend the book contains contributions that highlight sri lanka s endeavours of coping with adverse shocks while exploiting new opportunities it showcases how the island country had to attract capital and assistance and support of the international community including that of the rising asian giants china and india addressing the post conflict challenges of sourcing development finance in a new global financial and political landscape the book would be of interest to researchers working on post conflict development in the context of a volatile global economy and changing aid architecture and would also act as an important resource for policy makers

for female sinhalese students attending a national school in the central province of sri lanka the school serves as a significant base for cultural production particularly in reproducing ethno religious hegemony under the guise of good buddhist girls it illustrates that tuition space acts as an important site for placemaking where students play out their cosmopolitan aspirations whilst acquiring educational capital drawing on theories of social reproduction the book examines young people s aspirations of figuring out their identity and visions of the future in the backdrop of nation

building processes within the school

spanning scholarly contributions from india nepal bangladesh pakistan and sri lanka this edited volume seeks to capture and elucidate the distinct challenges approaches and possible solutions associated with interpreting adapting and applying language in education policies in a range of linguistically complex teaching and learning environments across south asia centring on the ground perspectives of scholars practitioners pupils parents and the larger community the volume offers new insights into one of the most complex populous and diverse multilingual educational contexts in the world language in education policies and practices within this setting represent particularly high stakes issues playing a pivotal role in determining access to literacy thereby forming a critical pivot in the reproduction of educational inequality the broad aim of the collection is thus to highlight the pedagogical practical ideological and identity related implications arising from current language in education policies in this region with the aim of illustrating how systemic inequality is intertwined with such policies and their associated interpretations aimed at both academics and practitioners whether researchers and students in the fields of education linguistics sociology anthropology or south asian studies on the one hand or language policy advisors curriculum developers teacher educators teachers and members of funding bodies aid providers or ngos on the other it is anticipated that the accounts in this volume will offer their readership opportunities to consider their wider implications and applications across other rich multilingual settings be these local regional national or global

this must have handbook offers a comprehensive survey of the field it reviews the language education policies of asia encompassing 30 countries sub divided by regions namely east southeast south and central asia and considers the extent to which these are being implemented and with what effect the most recent iteration of language education policies of each of the countries is described and the impact and potential consequence of any change is critically considered each country chapter provides a historical overview of the languages in use and language education policies examines the ideologies underpinning the language choices and includes an account of the debates and controversies surrounding language and language education policies before concluding with some predictions for the future

analyses of the sri lankan civil war 1983 2009 overwhelmingly represent it as an ethnonationalist contest prolonging postcolonial arguments on the creation and dissolution of the incipient nation state since independence in 1948 while colonial divide and rule policies the rise of ethnonationalist lobbies structural discrimination and majoritarian

democracy have been established as grounds for inter ethnic hostility there are other significant transformative forces that remain largely unacknowledged in postcolonial analyses this ambitious multiscalar spatial study of civil war in sri lanka offers an intersectional de ethnicised analysis of political sovereignty drawn out by the struggle for territory based on vital retrospective findings from the five year postwar period when wartime hostilities were still festering it convincingly links ethnonationalism to postnational border politics marketisation militarised securitisation and illiberal democracy this book argues that internecine conflict exposes the implicit violence within nation state formations mass human displacements heighten collective and individual ontological insecurity and neoliberalism makes the nation porous in unforeseen ways based around three themes normative spaces human mobilities and exilic states it is organised into ten comprehensive chapter based explorations of a range of spatial units including homes cities routes camps and experiences of ruin that were irrevocably politicised by protracted conflict focusing on their material transformations over a thirty seven year period the book explores what can be known of the war if we look beyond ethnicity to other salient shared geographical features of this embattled history the book uncovers how fealty to exclusionary cultures of political sovereignty aligns us with their violence limiting our capacity for empathy a boundary seemingly exacerbated by neoliberal opportunities making use of sri lanka as a case study to test geographic architectural and urban methodologies for understanding violence this book acts as a provocation to rethink current readings of the particular case study while reflecting on the more general impact of marketisation and militarisation in asia it will be of interest to an interdisciplinary audience including those scholars interested in south asian history politics and civil war south asian studies border studies geography and architecture and urban studies

like toddlers all over the world sri lankan children go through a period that in the u s is referred to as the terrible twos yet once they reach elementary school age they appear uncannily passive compliant and undemanding compared to their western counterparts clearly these children have undergone some process of socialization but what over ten years ago anthropologist bambi chapin traveled to a rural sri lankan village to begin answering this question getting to know the toddlers in the village then returning to track their development over the course of the following decade childhood in a sri lankan village offers an intimate look at how these children raised on the tenets of buddhism are trained to set aside selfish desires for the good of their families and the community chapin reveals how this cultural conditioning is carried out through small everyday practices including eating and sleeping arrangements yet she also explores how the village s attitudes and customs continue to evolve with each new generation combining penetrating psychological insights with a rigorous observation of larger social structures chapin enables us to see the world through the eyes of sri lankan children searching for a place within their families and communities childhood in a sri

lankan village offers a fresh global perspective on child development and the transmission of culture

building on his extensive experience in the u s government and as an international human rights lawyer h knox thames provides fresh decisive strategies to advance religious freedom for all today a scourge of religious persecution is impacting every faith community around the globe in ending persecution charting the path to global religious freedom author h knox thames takes readers to some of the world s most repressive countries in the middle east and asia exposing the harsh reality of religious repression thames breaks down the devastating litany of human rights abuses faced by religious groups in these countries into four major types of persecution terrorism in the middle east government sponsored genocides in china and burma cultural changes due to extremism in pakistan and tyrannical democracy in nepal and india ending persecution recounts the range of tools and policies that the u s government has used to encourage reform in repressive governments leverage u s influence for the oppressed and to reflect the best of american values of diversity minority rights and religious freedom to help the persecuted in the twenty first century thames argues the united states must revitalize its approach and recommit to ending oppression by supporting coalition building and interfaith tolerance

with nearly a quarter of the world s population members of at least five major language families plus several putative language isolates south asia is a fascinating arena for linguistic investigations whether comparative historical linguistics studies of language contact and multilingualism or general linguistic theory this volume provides a state of the art survey of linguistic research on the languages of south asia with contributions by well known experts focus is both on what has been accomplished so far and on what remains unresolved or controversial and hence offers challenges for future research in addition to covering the languages their histories and their genetic classification as well as phonetics phonology morphology syntax and sociolinguistics the volume provides special coverage of contact and convergence indigenous south asian grammatical traditions applications of modern technology to south asian languages and south asian writing systems an appendix offers a classified listing of major sources and resources both digital online and printed

this publication presents a gender equality diagnostic of education energy transport and water and sanitation in sri lanka four sectors which are the major areas of cooperation between adb and the government of sri lanka the sector focused chapters provide insights into the gender equality issues and considerations relevant to sector planning related government policies and legal frameworks and commitments and institutional structures for promoting gender

equality actions each chapter concludes with gender issues and opportunities to consider in designing sector related interventions for possible use by and discussion with government civil society and development partners

today there is an increasing worldwide interest in assessing the potential for maintaining or increasing rice yields by reducing or eliminating the use of chemicals and by decreasing irrigation requirements the system of rice intensification sri first developed in madagascar and now being tested in many countries is an example of such an approach the system is based largely on organic farming principles and additional requirements for spacing and the transplanting of seedlings

world education patterns in the global south surveys the educational responses and new educational landscapes being developed as a consequence of the powerful global forces that are demanding change within the global south s educational contexts including central and south east asia latin america and the caribbean

this book directly challenges the stereotype that women are inherently peaceable by examining female combatants involvement in ethno national conflicts drawing upon empirical case studies of sri lanka and northern ireland this study explores the ways in which women have traditionally been depicted whereas women have predominantly been seen as victims of conflict this book acknowledges the reality of women as active combatants indeed female soldiers irregulars are features of most modern conflicts and particularly in ethno nationalist violence until now largely ignored by mainstream scholarship original interview material from the author s extensive fieldwork addresses why and how some women choose to become violently engaged in nationalist conflicts it also highlights the personal political costs and benefits incurred by such women this book provides a valuable insight into female combatants and is a significant contribution to the literature this book will be of great interest to students of political violence ethnic conflict gender studies and international relations in general
