no one is illegal debunks the leading ideas behind the often violent right wing backlash against immigrants

a unique excavation of how u s cross border anti imperialist movements shaped cultural modernism

richard delgado is university professor at seattle university law school

a comprehensive compelling and clearly written title that provides a rich examination of the history of asians in the united states covering well established asian american groups as well as emerging ones such as the burmese bhutanese and tibetan american communities history of asian americans exploring diverse roots supplies a concise easy to use yet comprehensive resource on asian american history chronologically organized it starts with chinese immigration to the united states and concludes with coverage of the most recent asian migrant populations describing asian american lives and experiences and documenting them as an essential part of the continuously evolving american experience and mosaic the book discusses domestic as well as international influencing factors in asian american history thereby providing information within a transnational framework an ideal resource for high school and undergraduate level students as well as general readers interested in learning about the history of asian americans the chapters employ critical racialization and ethnic studies discourses that put asian and asian americans subjects in an insightful comparative perspective the book also specifically addresses the important roles played by asian american women across history

there are few places where mobility has shaped identity as widely as the american west but some locations and populations sit at its major crossroads maintaining control over place and mobility labor and race in collisions at the crossroads genevieve carpio argues that mobility both permission to move freely and prohibitions on movement helped shape racial formation in the eastern suburbs of los angeles and the inland empire throughout the nineteenth and twentieth centuries by examining policies and forces as different as historical societies indian

boarding schools bicycle ordinances immigration policy incarceration traffic checkpoints and route 66 heritage she shows how local authorities constructed a racial hierarchy by allowing some people to move freely while placing limits on the mobility of others highlighting the ways people of color have negotiated their place within these systems carpio reveals a compelling and perceptive analysis of spatial mobility through physical movement and residence

this two volume reference work addresses the dynamic lives of undocumented immigrants in the united states and establishes these individuals experiences as a key part of our nation s demographic and sociological evolution this two volume work supplies accessible and comprehensive coverage of this complex subject by consolidating the insights of hundreds of scholars who have studied the issues of undocumented immigration in the united states for years it provides a historical perspective that underscores the exponential growth of the undocumented population in the last three decades and presents a more nuanced more detailed and therefore more accurate portrait of undocumented immigrants than is available in general media also included are recommended resources that will serve researchers seeking more information on topics regarding undocumented immigrants

almost all aliens offers a unique reinterpretation of immigration in the history of the united states setting aside the european migrant centered melting pot model of immigrant assimilation paul spickard francisco beltrán and laura hooton put forward a fresh and provocative reconceptualization that embraces the multicultural racialized and colonially inflected reality of immigration that has always existed in the united states their astute study illustrates the complex relationship between ethnic identity and race slavery and colonial expansion examining the lives of those who crossed the atlantic as well as those who crossed the pacific the caribbean and the north american borderlands almost all aliens provides a distinct inclusive and critical analysis of immigration race and identity in the united states from 1600 until the present the second edition updates almost all aliens through the first two decades of the twenty first century recounting and analyzing the massive changes in immigration policy the reception of immigrants and immigrant experiences that whipsawed back and forth throughout the era it includes a new final chapter that brings the story up to the present day this book will appeal to students and researchers alike studying the history of immigration race and colonialism in the united states as well as those interested in american identity especially in the context of the early twenty first century

a critique of and response to systems founded on indifference toward the needs and desires of people and god s creation today s regnant global economic and cultural system neoliberal capitalism demands that life be led as a series of sacrifices to the market send lazarus s theological critique wends its way through four neoliberal crises environmental destruction slum proliferation mass incarceration and mass deportation all while plumbing the sacrificial and racist depths of neoliberalism praise for send lazarus one of the best theological engagements with economics available the critique of neoliberalism is spot on it is a type of class warfare that does not shrink the state but empowers it to protect the market from the people the market is sublime and cannot be controlled by people neoliberalism is thus a type of theology for a deified market and eggemeier and fritz respond with a compelling christian theology of a god who wants mercy not sacrifice if you want a vision of a world beyond today s suffering and inequality read this book william t cavanaugh depaul university in send lazarus catholicism and the crises of neoliberalism they propose the popular devotion to the sacred heart of jesus as a counterpractice for resisting the heartlessness of neoliberalism and throwaway culture weaving together pope francis st pope john paul ii cardinal walter kasper and jesuit father karl rahner all of whom write of their strong devotion to the sacred heart eggemeier and fritz prompted me to reconsider the devotion s relevance in today s world megan j clark us catholic required reading for those interested in theological responses to neoliberalism or concerned with social injustice highly recommended choice

grounded in the borderlands and prompted by art this book considers the connections between art land and people in a fraught binational region provided by publisher

this updated and expanded new edition resumes the theme of the first edition and the findings reveal that race ethnicity gender class and several other variables continue to play a significant and consequential role in the legal decision making process the book is structured into three sections each of which corresponds to a different body of work on latinos section

one explores the historical dynamics and influence of ethnicity in law enforcement and focuses on how ethnicity impacts policing field practices such as traffic stops use of force and the subsequent actions that police departments have employed to alleviate these problems a detailed examination of critical issues facing latino defendants seeks to better understand the law enforcement process the history of immigration laws as it pertains to mexicans and latinos explains how mexicans have been excluded from the united states through anti immigrant legislation latino officers must cope with structural and political issues the community and media as these practices and experiences within the american police system are explored section two focuses on the repressive practices against mexicans that resulted in executions vigilantism and mass expulsions the topic of latinos and the fourth amendment reveals that the constitutional right of people to be protected against unreasonable searches and seizures has been eviscerated for latinos and particularly for mexicans possible remedies to existing shortcomings of the court system when processing indigent defendants are presented section three studies the issue of hispanics and the penal system the ethnic realities of life behind bars probation and parole the legacy of capital punishment and life after prison are discussed section four addresses the globalization of latinos social control and the future of latinos in the u s criminal justice system lastly the race and ethnic experience through the lens of science law and the american imagination are explored concluding with policy recommendations for social and criminal justice reform and ultimately humanizing differences written for professionals and students of law enforcement this book will promote the understanding of the historical legacy of brutality manipulation oppression marginalization prejudice discrimination power and control and white america s continued fear about racial and ethnic minorities

various national and international legal instruments punish hate speech however the specific nature of the internet calls for the adoption of new strategies to combat hate speech promoting racism and violence which is widely and swiftly disseminated on the web as the internet ignores territories and has no boundaries states cannot control it effectively by unilateral national regulation what is needed is increased international co operation efforts to harmonise national legislation including the additional protocol to the council of europe convention on cybercrime have come up against a series of difficulties one of these is the fact that there is no universally accepted definition of the illegal nature of racist speech which can be protected by the right to freedom of expression this book describes the situation in 10 council of europe member and observer states and discusses the problems faced and solutions introduced by these countries as well as by european and international organisations and civil society

remarkable a major contribution to our understanding and handling of one of the crucial contemporary issues that acquires more gravity by the day zygmunt bauman this is an in depth sociological study of the phenomenon of anti racism as both political discourse and social movement practice in western europe lentin develops a comparative study of anti racism in britain france italy and ireland while race and racism have been submitted to many profound analyses anti racism has often been dealt with as either the mere opposite of racism or as a theme for prescriptives or polemics by those concerned with the persistence of racist discrimination by contrast this book views anti racism as a variety of discourses that are central to the understanding of the politics of modern states examining anti racism gives us insights not only into current debates on citizenship immigration and europeanisation but it also crucially assists us in understanding the nature of race racism and racialisation themselves at a time of mounting state racism against asylum seekers migrants and refugees throughout europe and beyond this book provides a much needed exploration of the discourse of anti racism that shapes policy and public opinion today

a groundbreaking consideration of death from capitalism from the seventeenth to the twenty first century from a 2013 texas fertilizer plant explosion that killed fifteen people and injured 252 to a 2017 chemical disaster in the wake of hurricane harvey we are confronted all too often with industrial accidents that reflect the underlying attitude of corporations toward the lives of laborers and others who live and work in their companies shadows dead labor takes seriously the myriad ways in which bodies are commodified and profits derived from premature death in doing so it provides a unique perspective on our understanding how life and death drive the twenty first century global economy james tyner tracks a history from the 1600s through which premature death and mortality became something calculable predictable manageable and even profitable drawing on a range of examples including the

criminalization of migrant labor medical tourism life insurance and health care he explores how today we can no longer presume that all bodies undergo the same processes of life death fertility and mortality he goes on to develop the concept of shared mortality among vulnerable populations and examines forms of capital exploitation that have emerged around death and the reproduction of labor positioned at the intersection of two fields the political economy of labor and the philosophy of mortality dead labor builds on marx's notion that death and truncated life is a constant factor in the processes of labor considering premature death also as a biopolitical and bioeconomic concept tyner shows how racialized and gendered bodies are exposed to it in unbalanced ways within capitalism and how bodies are then commodified made surplus and redundant and even disassembled in order to accumulate capital

direct interpersonal violence is a pervasive yet often mundane feature of our day to day lives paradoxically violence is both ordinary and extraordinary violence in other words is often hidden in plain sight space place and violence seeks to uncover that which is too apparent to critically question both violent geographies and the geographies of violence with a focus on direct violence this book situates violent acts within the context of broader political and structural conditions violence it is argued is both a social and spatial practice adopting a geographic perspective space place and violence provides a critical reading of how violence takes place and also produces place specifically four spatial vignettes home school streets and community are introduced designed so that students may think critically how race sex gender and class inform violent geographies and geographies of violence

a multi discipline multimedia guide to abolition through the lens of healthcare and medicine featuring writings and artwork from 10 incarcerated and post detention activists exposing how marginalized communities are vilified by carceral safety systems educators and health justice advocates carlos martinez and ronika mukerjee call for a radical break with reformist strategies in favor of ones grounded in grassroots organizing and abolition prisons border security and police forces are meant to protect yet for the most vulnerable they more often cause harm funded in response to a never ending crime wave people with disabilities black and brown people trans and queer people people with mental health diagnoses and survivors of trauma and abuse are targeted by punitive carceral policies these policies perpetuate physical psychological and intergenerational harm and they don't keep anyone safe all this safety is killing us reflects this view combining political strategy with evidence based medical and social science research to envision a post carceral society with contributions from scholars activists and artists all this safety is killing us marks a radical break from punitive frameworks special features include contributions from nurses doctors doulas public health workers physical therapists acupuncturists and disability justice workers woodcuts comics mini zines infographics and drawings by community activists queer and trans gender expansive focused writers current prisoners deportees and survivors of state sanctioned violence interviews with leading abolition and health justice scholars bringing scholarly research into public conversation this book shows that those working within public health and medical fields have a critical role to play in creating a truly safe and flourishing society

over the last several decades the boundaries of languages and national and ethnic identities have been shifting altering the notion of borders around the world borderland areas such as east and west europe the us mexican frontera and the middle east serve as places of cultural transfer and exchange as well as arenas of violent conflict and segregation as communities around the world merge across national borders new multi ethnic and multicultural countries have become ever more common border visions identity and diaspora in film offers an overview of global cinema that addresses borders as spaces of hybridity and change in this collection of essays contributors examine how cinema portrays conceptions of borderlands informed by knowledge politics art memory and lived experience and how these constructions contribute to a changing global community these essays analyze a variety of international feature films and documentaries that focus on the lives cultures and politics of borderlands the essays discuss the ways in which conflicts and their resolutions occur in borderlands and how they are portrayed on film the volume pays special attention to contemporary europe where the topic of shifting border identities is one of the main driving forces in the processes of european unification among the filmmakers whose work is discussed in this volume are fatih akin montxo armendàriz cary fukunaga christoph hochhäusler holger jancke emir kusturica laila pakalnina alex rivera larissa shepitko andrea staka elia suleiman and istván szabó a significant contribution to the dialogue on global cinema border visions will be of

interest to students and scholars of film but also to scholars in border studies gender studies sociology and political science

rebellious conservatives analyzes three movements the anti abortion pro life movement the anti illegal immigration movement and the tea party to show how perceptions of threats to their privileges drives conservative protest and how these movements seek to reshape america

this companion contains 25 original essays by writers and scholars who present an expert assessment of the best and most important work to date on the complex history of los angeles the first companion providing a historical survey of los angeles incorporating critical multi disciplinary themes and innovative scholarship features essays from a range of disciplines including history political science cultural studies and geography photo essays and contemporary voice sections combine with traditional historiographic essays to provide a multi dimensional view of this vibrant and diverse city essays cover the key topics in the field within a thematic structure including demography social unrest politics popular culture architecture and urban studies

the aggressive exploitation of labor on both sides of the us mexico border has become a prominent feature of capitalism in north america kids in cages violent ice raids and anti immigrant racist rhetoric characterize our political reality and are everyday shaping how people intersect at the us mexico border as activist scholar justin akers chacón carefully demonstrates however this vicious model of capitalist transnationalization has also created its own grave diggers contemporary north american capitalism relies heavily on an inter connected working class which extends across the border cross border production and supply chains logistics networks and retail and service firms have aligned and fused a growing number of workers into one common class whether they live in the us or mexico while money moves without restriction the movement of displaced migrant workers across borders is restricted and punished transborder people face walls armed agents detention camps and a growing regime of repressive laws that criminalize them despite the growth and violence of the police state dedicated to the repression of transborder populations the migra state migrant workers have been at the forefront of class struggle in the united states this timely book persuasively argues that labor and migrant solidarity movements are already showing how and why in order to fight for justice and re build the international union movement we must open the border

a retelling of u s latin american and latino a literary history through writing by latinos as who lived in the united states during the long nineteenth century written by both established and emerging scholars the essays in the latino nineteenth century engage materials in spanish and english and genres ranging from the newspaper to the novel delving into new texts and areas of research as they shed light on well known writers this volume situates nineteenth century latino intellectuals and writers within crucial national hemispheric and regional debates the latino nineteenth century offers a long overdue corrective to the anglophone and nation based emphasis of american literary history contributors track latino a lives and writing through routes that span philadelphia to san francisco and roots that extend deeply into mexico the caribbean central and south americas and spain readers will find in the rich heterogeneity of texts and authors discussed fertile ground for discussion and will discover the depth diversity and long standing presence of latinos as and their literature in the united states
