a tremendous piece of research conducted over ten years in which are listed in alphabetical order the names of over 60 000 officers of the british empire who died during the great war including nurses and female aid workers based on the cwgc registers the information provided includes not only that shown in officers died but also the place of burial or commemoration the alphabetical listing means that looking up a name does not require prior knowledge of the regiment as in officers died though this information is given as well as cross reference to the relevant page number in officers died

vols for 1895 include official register of the land and naval forces of the state of new york 1895

this interdisciplinary introduction offers students a truly global overview of the worldwide spread and impact of christianity it is enriched throughout by detailed historic and ethnographic material showing how broad themes within christianity have been adopted and adapted by christian denominations within each major region of the world provides a comprehensive overview of the spread and impact of world christianity contains studies from every major region of the world including africa asia latin america the north atlantic and oceania brings together an international team of contributors from history sociology and anthropology as well as religious studies examines the significant social cultural and political transformations in contemporary societies brought about through the influence of christianity discusses protestant evangelical catholic and orthodox forms of the faith features useful maps and illustrations combines broader discussions with detailed regional analysis creating an invaluable introduction to world christianity

anglicanism can be seen as irredeemably english in this book kevin ward questions that assumption he explores the character of the african asian oceanic caribbean and latin american churches which are now a majority in the world wide communion and shows how they are decisively shaping what it means to be anglican while emphasising the importance of colonialism and neo colonialism for explaining the globalisation of anglicanism ward does not focus predominantly on the churches of britain and n america nor does he privilege the idea of anglicanism as an expansion of english christianity at a time when anglicanism faces the danger of dissolution ward explores the historically deep roots of non western forms of anglicanism and the importance of the diversity and flexibility which has so far enabled anglicanism to develop cohesive yet multiform identities around the world
