gambling in papua new guinea despite being completely absent prior to the colonial era has come to supersede storytelling as the region s main nighttime activity money games is an ethnographic monograph which reveals the contemporary importance of gambling in urban papua new guinea rich ethnographic detail is coupled with cross cultural comparison which span the globe this anthropological study of everyday economics in melanesia thereby intersects with theories of money value play informal economy social change and leadership

this book is volume 3 of the proceedings of the world economic congress held in athens in 1989 under the auspices of the international economic association it considers various aspects of economic policy and development faced by countries with different social cultural and political systems

possibly the most comprehensive contribution to a detailed and thorough analysis of gendered dimensions of international poverty contexts causes and consequences ever brought together into one volume gender and development i recommend this book to be a staple of reference libraries british politics and policy with international attention focused on halving poverty by 2015 the appearance of the international handbook of gender and poverty is both timely and essential sylvia chant is to be congratulated for producing a state of the art compendium of everything you need to know about the often hidden gendered dimensions of poverty edited and written by leading scholars and policy advisers the handbook comprehensively covers the key themes that are vital to understanding poverty as a gendered process combining policy lessons with theoretical insight richly illustrated with examples from across the world this book will not only be welcomed by all those dedicated to the study of poverty but by casting new light on its causes will also help to develop appropriate measures to tackle it professor maxine molyneux institute for the study of the americas university of london uk while each of

the articles in this impressive collection makes an original contribution to the conceptual empirical and policy analysis of gender and poverty together they provide a comprehensive overview of the field and an essential resource for all sections of the development community professor sylvia chant is to be congratulated for bringing together some of the leading thinkers in the field from across the world this is not only an unprecedented feat of international co operation but feminist collaboration at its best professor Naila Kabeer Institute of Development Studies University of Sussex UK these diverse thoughtful essays go far beyond a mere summary of international scholarship they outline a fascinating and provocative agenda for future policy relevant research this book will help redefine and revitalise the field of gender and development professor Nancy Folbre Department of Economics University of Massachusetts Amherst USA in the interests of contextualising and nuancing the multiple interrelations between gender and poverty sylvia chant has gathered writings on diverse aspects of the subject from a range of disciplinary and professional perspectives achieving extensive thematic as well as geographical coverage this benchmark volume presents women's and men's experiences of gendered poverty with respect to a vast spectrum of intersecting issues including local to global economic transformations family age race migration assets paid and unpaid work health sexuality human rights and conflict and violence the handbook also provides up to the minute reflections on how to theorise measure and represent the connections between gender and poverty and to contemplate how gendered poverty is affected and potentially redressed by policy and grassroots interventions an unprecedented and ambitious blend of conceptual methodological empirical and practical offerings from a host of established as well as upcoming scholars and professionals from across the globe lends the volume a distinctive and critical edge notwithstanding the broad scope of the international handbook of gender and poverty one theme in common to most of its 100 plus chapters is the need to engage analysis and initiatives to combat poverty and inequality at local national and international levels as such the volume will inspire its readers not only to reflect deeply on poverty and gender injustice but also to consider what to do about it this book will be essential reading for all with academic professional or personal interests in gender poverty inequality development and social political and economic change in the contemporary world

the added value of mixed methods research in poverty and vulnerability is now widely established nevertheless gaps and challenges remain this volume shares experiences from research in developed and developing country contexts on how mixed methods approaches can make research more credible usable and responsive to complexity

less favored areas with limited agricultural potential or difficult access conditions support 40 percent of the world's rural population suffering from chronic poverty while agricultural innovations and rural development programs have begun to be implemented within developing countries they do not address the specific obstacles faced by this large population instead a targeted approach is needed to identify different resource management strategies for particular types of households and communities as well as creating balanced investments aimed at sustainable intensification of rural livelihoods such efforts have been the focus of the research program on regional food security policies for natural resource management and sustainable economies response through the study of less favored areas in africa latin america and south and east asia development pathways allowing for the careful adjustment of resource use strategies at the field farm household and village level are explored
