this is a book about the relationship of the two traditions of platonic interpretation the indirect and the direct traditions the written dialogues and the unwritten doctrines kramer who is the foremost proponent of the tuingen school of interpretation presents the unwritten doctrines as the crown of plato s system and the key revealing it kramer unfolds the philosophical significance of the unwritten doctrines in their fullness he demonstrates the hermeneutic fruitfulness of the unwritten doctrines when applied to the dialogues he shows that the doctrines are a revival of the presocratic theory renovated and brought to a new plane through socrates in this way plato emerges as the creator of classical metaphysics in the third part kramer compares the structure of platonism as construed by the tuingen school with current philosophical structures such as analytic philosophy hegel phenomenology and heidegger of the five appendices the most important presents english translations of the ancient testimonies on the unwritten doctrines these include the self testimonies of plato there is also a bibliography on the problem of the unwritten doctrines

a scientific treatment should not diminish but increase the general interest taken in character to bring together the various aspects of the subject which in literature are treated in isolation from one another to lead up to a general conception of it to study the methods by which the knowledge of it may be increased in accuracy and extent these are to make approaches to a scientific treatment of character while i have had chiefly to confine myself to a study of the tendencies of the emotions and sentiments this has been throughout my aim this book then is a study of method yet i do not claim that this method is essentially new it is in the main the hypothetical method of the sciences it has had to be adapted to the treatment of character that is all a complete science of mind would include a science of character the best approach to such a science is through the study of the primary emotions and their connected instincts this study is to be directed to an analysis of tendencies psycinfo database record c 2005 apa all rights reserved
