with coverage of the a to z topics concerning security managers this volume describes the basics of each topic and the information needed to apply this knowledge to any reader s job business or industry in addition the book s sample policies procedures guides forms checklists and drawings can be easily converted for a security manager s use

there is now almost universal acceptance that tax law is overly complex and indeterminate and yet there has to date been no comprehensive assessment of the role of the tax authority in the current arrangement if the legislation and case law offer few immediate answers to the taxpayer then the role of her majesty s revenue customs hmrc in advising taxpayers becomes more apparent this monograph contends that the provision of advice by hmrc is desirable by virtue of the rule of law and it follows that any such advice should be correct clear accessible and reliable additionally there should exist some means of scrutinising the advice in order to check that it satisfies these criteria tax authority advice and the public explores this view of hmrc s role in tax collection it explains the deficiencies in the current system in this light highlighting the pitfalls for taxpayers and practitioners as well as the potential remedies finally the book assesses potential reforms which could be adopted in order to alleviate existing problems a timely and ambitious work this book is essential reading for practitioners and academics interested in the interaction between tax administration and public law

this book proposes that the responsible business practices of leading companies are significant not only as isolated instances of self regulation but that they also contribute to a broader rule making process which has been underway in the last decade and is aimed at making business more responsive to human rights and environmental concerns the flexibility of existing laws as well as the

emergence of new regulations relevant to corporate social responsibility csr are highlighted as csr increasingly interacts with public policy some insufficiently understood effects of csr appear that can help us advance toward more systemic solutions in the business and human rights area this study identifies variables that states can stimulate through a wide range of interventions ranging from capacity building measures to policy to hard law so that responsible practices get diffused more broadly and deeply in the business community the intended audiences are legal experts with an interest in enhancing the protection of human rights in developing countries and csr theorists and practitioners mindful of the broader social dynamics that surround the implementation of csr commitments

business organisations depend on having one or more persons who can legitimately make strategic business decisions but what are the legal entitlements of such key professionals this is the first book with contributions from experts across europe to take a broad comparative look at how the delimitation of rights and duties of executive and non executive managers is done under different areas of eu law and across different jurisdictions namely eu and national law aspects of the executive role covered include the following extensive treatment of definitions and methodologies to ascertain the status of managers as workers in europe comprehensive interdisciplinary and comparative analysis of cross cutting issues affecting managers in europe including complexities arising from national variations in governance structures and roles and functions of managers comprehensive analysis of cases before the european courts with full awareness of applicable rules distinction between registered front directors and those who act as de facto managers how employees and to some degree other stakeholders may be involved in management trends in current eu law that increase the need

to protect managers trends that increase the need to hold managers liable right to inter alia information and consultation occupational health and safety non discrimination and free movement and recognition that managers may not necessarily be powerful professionals with strength vis à vis the company as employer according to eu statistics in 2019 nearly 9 4 million persons held a managerial position across the eu s member states meaning that many managers currently can no longer inherently be considered unworthy of employment protection the legal status of these individuals thus cannot be sidestepped this very important volume accordingly will be of value to practitioners policymakers and academics in employment and labour law
