of the things of this world in this relatable treatise backed by her own experience author juliet tennison describes how to avoid war within ourselves as she examines the spirit soul and body and unpacks scriptural truths about spiritual versus carnal living god created us for love and to have an intimate relationship with him we will never understand who we are until we see ourselves as god sees us in the garden of eden man had perfect relationship with god but after the fall sin separated man from him adam and eve hid from god because the soul had become self conscious instead of god conscious and they could no longer enjoy walking in fellowship with a holy god we were created to love god and to love others but our soul keeps us from ever achieving this purpose we must lose our soul to love and we must seek god who is love god created us to live a supernatural life by the power of the holy spirit our brain our will and our emotions which make up our soul are natural the body we walk in is natural the soul and the spirit are so close to one another that the two require the word of god to divide them to separate them from each other for the word of god is living and powerful and sharper than any two edged sword piercing even to the division of soul and spirit and of joints and marrow and is a discerner of the thoughts and intents of the heart hebrews 4:12 so many of us practice religion without relationship this is churchianity we attend church but have no relationship with jesus christ we pray for forgiveness without repenting our sins repentance means to stop doing our will and to start doing god's will we struggle in our walk with god because we fail to differentiate between our soul and our spirit we substitute the thoughts or emotions of the soul for the works of the holy spirit the holy spirit can only take residence in our spirit it is in our spirit that we worship fellowship and stay connected to god for god is spirit and those who worship him must worship in spirit and truth john 4:24 the knowledge of god is not some generic idea that he exists up there it involves an intimate acquaintance with his character and actions god's love is manifested in his son jesus christ's life death and resurrection he has placed his spirit within his adopted children giving us a heart to love him a mind to know him and a will to obey him the salvation which comes from god means being completely delivered from our self and being placed into perfect union with him by the power of the holy spirit as fallen humans we need a savior to save us from our own wicked soul salvation is only understood in our spirit and only when the spirit is made alive by the indwelling of the holy spirit the soul cannot comprehend this because it is filled with its own pride neither can the body which is world conscious and only understands the worldly things knowing these things we learn to live a victorious spiritual life as the holy spirit lives in our spirit and we crucify the detrimental desires of the soul and body

in the new age of soul the broad appeal of new age spirituality is identified and defined with special attention to the claim that the soul may be understood as both the repository of divine energy and a source of spiritual healing and hope through dialogue with sources and perspectives on the spiritual nature of the soul the book attempts to win the respect and appreciation of the reader already persuaded by the claims and benefits of new age spirituality while at the same time convincing the reader who has suspicions and concerns about new age spirituality that a better alternative may be found the book thus has a two fold purpose first to expose the inadequacy indeed the superficiality of new age spirituality through this dialogue and discussion attracting the attention and interest of the reader already influenced by this genre second the author makes a case for a more traditional orthodox and biblical view of the soul and human spirituality so that the reader who is inclined toward new age spirituality will rediscover the more traditional biblical content of the soul and spirituality while providing the committed more traditional christian reader a tool by which to communicate a biblical faith with the growing segment of our population attracted toward new age spirituality in its own way this book is an apologetic for a more traditional christian theology of human spirituality and self identity presented in a positive dialogue with new age spirituality
