an encyclopedia about various methods of qualitative research

mayasari hoffert examines the depiction of the left in indonesian literature since the anti leftist purge in 1965 with close textual analysis of indonesian literary texts and their political context this book investigates how the new order regime under suharto was able to build a metanarrative of liberation while purging the left in indonesia even after the regime s end in 1998 many indonesians still have an ingrained fear of the prospect of communism with the result being that literary representation of the left is still seen as problematic through reviewing indonesia s institution of literature the use and abuse of universal humanism under the new order regime is examined and the ways in which power intersects with literature is explored an informative read for scholars and students of indonesian politics literature and the cultural cold war

the first comprehensive account of how chile came to terms with general augusto pinochets legacy of human rights atrocities

without a doubt george behe is one of the most prolific titanic authors more than that he is also among the most respected known for his friendly generous nature and a keen eye for detail with a collection of material that is the envy of many a researcher dan e parks encyclopedia titanica most people know the general story of the titanic but there are so many individual avenues for discovery that serious researchers could easily spend the rest of their lives investigating these subjects for the past fifty years george behe has been researching and writing about the titanic searching for new information about specific sub topics that have caught his interest the result is the titanic files a collection of stories angles of enquiry and pieces of trivia that reflect george s thoughts on a wide variety of titanic related subjects along with the results of his extensive studies from the fate of the animals that boarded the ship to whether there were genuine messages in bottles sent from those aboard this detailed volume is a treasure trove of research material sure to delight any discerning titanic enthusiast

the possibility of change of starting anew in this stunning beautiful and poignant collection of short stories is at once terrifying and filled with promise for those indian born women living new lives in america independence is a mixed blessing it means walking the tightrope between old treasured beliefs and surprising newfound desires and understanding the emotions which that conflict brings together these stories create a tapestry of existence as colourful as delicate and as enduring as the finest silk sari

quaker characters have peopled many an american literary work most notably uncle tom s cabin as quakerism has been historically associated with progressive attitudes and the advancement of social justice with the rise in recent years of the christian romance market dominated by american evangelical companies there has been a renewed interest in fictional quakers in the historical quaker romances analyzed in this book quaker heroines often devote time to spiritual considerations advocate the sanctity of marriage and promote traditional family values however their concern with social justice also leads them to engage in subversive behavior and to question the status quo as illustrated by heroines who are active on the underground railroad or are seen organizing the seneca falls convention though relatively liberal in terms of gender quaker romances are considerably less progressive when it comes to race relations thus they reflect america s conflicted relationship with its history of race and gender abuse and the country s tendency to both resist and advocate social change ultimately quaker romances reinforce the myth of america as a white and christian nation here embodied by the quaker heroine the all powerful savior who rescues native americans african americans and jews while conquering the hero s heart

challenging the artificial divide between technological studies and cultural history engines of the imagination traces the story of the imaginative encounter with machines and machinery in the european renaissance

includes entries for maps and atlases

this reader brings together a great number of what are regarded to be the seminal essays that have opened up the study of science fiction to serious critical interrogation it includes key essays by writers such as j p telotte susan sontag and peter biskind

ralph wedgwood gives a general account of the concept of rationality the value of rationality is designed as the first instalment of a trilogy to be followed by accounts of the requirements of rationality that apply specifically to beliefs and choices the central claim of the book is that rationality is a normative concept this claim is defended against some recent objections normative concepts are to be explained in terms of values not in terms of ought or reasons rationality is itself a value rational thinking is in a certain way better than irrational thinking specifically rationality is an internalist concept what it is rational for you to think now depends solely on what is now present in your mind nonetheless rationality has an external goal the goal of thinking correctly or getting things right in one s thinking the connection between thinking rationally and thinking correctly is probabilistic if your thinking is irrational that is in effect bad news about your thinking s degree of correctness this account of rationality explains how we should set about giving a theory of what it is for beliefs and choices to be rational wedgwood thus unifies practical and theoretical rationality and reveals the connections between formal accounts of rationality such as those of formal epistemologists and decision theorists and the more metaethics inspired recent discussions of the normativity of rationality he does so partly by drawing on recent work in the semantics of normative and modal terms including deontic modals like ought

an examination of the language of law in the area of political representation this book considers the development and recognition of group claims brought pursuant to the voting

rights act and the equal protection clause in supreme court opinions in his analysis burke highlights the different discursive strategies broadly identified as liberal and communitarian used by the supreme court to justify the outcomes of various cases and he argues that no particular strategy of justification is inherently politically conservative or liberal and that no conception of political representation is unassailable therefore it is unlikely that the supreme court will articulate a stable measure of fair representation the supreme court offers one more forum in the deliberation over what is fair representation however it is not likely to provide minority communities with a legal answer to the problem of political underrepresentation as such this book tells the uncertain story of the creation of political fairness by the supreme court the language used to characterize what is fair and representative and the theoretical designs which the rhetoric reflects allows us to formulate concepts of fair representation as legal standards evolve by placing the debate over fair representation in not only political and legal but also philosophical terms we are better able to understand the inevitable tensions that drive the concept of representation into new ill defined and contentious areas

for 21st century young adults struggling for personal autonomy in a society that often demands compliance the bestselling trilogy the hunger games remains palpably relevant despite its futuristic setting for suzanne collins characters personal agency involves not only the physical battle of controlling one s body but also one s response to such influences as morality trauma power and hope the author explores personal agency through in depth examinations of the lives of katniss peeta gale haymitch cinna primrose and others and through an analysis of themes like the overabundance of bodily imagery social expectations in the capitol and problem parental figures readers will discover their own dandelion of hope through the examples set out by collins characters who prove over and over that human agency is always attainable
