The remuneration of board members and key executives of listed companies has received considerable attention in the past decade. The same issue has yet to be fully addressed in the case of state-owned enterprises. Soes this report seeks to fill the gap by taking stock of the policies and practices underpinning the remuneration of supervisory board members and executive managers of SOEs across 36 OECD member and partner countries.

A step-by-step guide to the correct management of respiratory infections in infants and young children addressed to staff in first-level health facilities. The book explains how to assess a child recognize symptoms classify the illness and provide appropriate treatment whether involving immediate referral to hospital treatment with antibiotics at home or simple home care throughout. A special effort is made to help staff distinguish the few very sick children from the many others whose infections can be safely treated at home. The manual also aims to help prevent deaths from pneumonia and other severe illnesses by offering abundant advice on the recognition and urgent management of danger signs. The manual has two parts each based on the use of a quick reference case management chart reproduced in a foldout version. Part one covers the management of pneumonia wheezing coughs and colds. Advice on how to collect essential information about the signs of respiratory problems is followed by a description of the steps involved in classifying the illness determining the degree of severity and identifying the appropriate treatment. Part one concludes with detailed treatment instructions including how to give an antibiotic and treat fever and wheezing. Part two explains how to assess classify and treat the child with an ear problem or sore throat. Treatment instructions include advice on how to dry the ear by wicking give an antibiotic and manage streptococcal sore throat. Further practical information is provided in a series of annexes which explain how to refer a child to hospital what to do when referral is not feasible how to use a rapid-acting bronchodilator and how to determine whether complaints and symptoms are due to measles pertussis or diphtheria.
