for the first time in paperback this modern classic of golf instruction by renowned teacher manuel de la torre the 1986 pga teacher of the year and the 11 teacher in america as ranked by the editors of golf digest in 2007 presents a simpler approach to the golf swing based on ernest jones principles understanding the golf swing includes information on the philosophy of the golf swing with emphasis on the development of a true swinging motion the most thorough analysis of ball flights available and analysis of the principles of special shot play including sand play pitching chipping putting and playing unusual shots and the mental side of golf and effective course management the final chapter offers an organized approach to understanding golf courses and playing conditions the result is a blend of philosophy and practical advice found in few golf instructional books skyhorse publishing as well as our sports publishing imprint is proud to publish a broad range of books for readers interested in sports books about baseball pro football college football pro and college basketball hockey or soccer we have a book about your sport or your team in addition to books on popular team sports we also publish books for a wide variety of athletes and sports enthusiasts including books on running cycling horseback riding swimming tennis martial arts golf camping hiking aviation boating and so much more while not every title we publish becomes a new york times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home

brian dolan s social and cultural history of the music business in relation to the history of the player piano is a critical chapter in the story of contemporary life the player piano made the american music industry and american music itself modern for years tin pan alley composers and performers labored over scores for quick ditties destined for the vaudeville circuit or librettos destined for the broadway stage but the introduction of the player piano in the early 1900s transformed tin pan alley s guild of composers performers and theater owners into a music industry the player piano with its perforated music rolls that told the pianos what key to strike changed musical performance because it made a musical piece standard repeatable and easy rather than something laboriously learned it also created a national audience because the music that was played in new orleans or kansas city could also be played in new york or missoula as new music ragtime and dance fox trot styles crisscrossed the continent along with the player piano s music rolls by the 1920s only automobile sales exceeded the amount generated by player pianos and their music rolls consigned today to the realm of collectors and technological arcane the player piano was a moving force in american music and american life

in popular music country music also called country and western music or country western is an amalgam of popular musical forms developed in the southern united states with roots in traditional folk music celtic music blues gospel music and old time music that began to develop rapidly in the 1920s the term country music began to be widely applied to the music in the 1940s and was fully embraced in the 1970s while country and western declined in use encompassing a wide range of musical genres from folk songs and religious hymns to rhythm and blues country music reflects our nation s cultural diversity as well as the aspirations and ideals that unite us it springs from the heart of america and speaks eloquently of our history our faith in god our devotion to family and our appreciation for the value of freedom and hard work with its simple melodies and timeless universal themes country music appeals to listeners of all ages and from all walks of life president george h w bush celebrated country music by declaring october 1990 country music month

the double bass the preferred bass instrument in popular music during the 1960s was challenged and subsequently superseded by the advent of a new electric bass instrument from the mid 1960s and throughout the 1970s a melismatic and inconsistent approach towards the bass role ensued which contributed to a major change in how the electric bass was used in performance and perceived in the sonic landscape of mainstream popular music investigating the performance practice of the new melodic role of the electric bass as it appeared and disappeared in the 1960s and

1970s the book turns to the number one songs of the american billboard hot 100 charts between 1951 and 1982 as a prime source through interviews with players from this era numerous transcriptions elaborations of twenty bass related features are presented these are juxtaposed with a critical study of four key players who provide the case studies for examining the performance practice of the melodic electric bass this highly original book will be of interest not only to bass players but also to popular musicologists looking for a way to instigate methodological and theoretical discussions on how to develop popular music analysis

a treatise on how player pianos function and how to get them back into top playing condition if they don t work for beginners and experienced technicians alike

since tabletop fantasy role playing games emerged in the 1970s fantasy gaming has made a unique contribution to popular culture and perceptions of social realities in america and around the world this contribution is increasingly apparent as the gaming industry has diversified with the addition of collectible strategy games and other innovative products as well as the recent advancements in videogame technology this book presents the most current research in fantasy games and examines the cultural and constructionist dimensions of fantasy gaming as a leisure activity each chapter investigates some social or behavioral aspect of fantasy gaming and provides insight into the cultural linguistic sociological and psychological impact of games on both the individual and society section i discusses the intersection of fantasy and real world scenarios and how the construction of a fantasy world is dialectically related to the construction of a gamer s social reality because the basic premise of fantasy gaming is the assumption of virtual identities section ii looks at the relationship between gaming and various aspects of identity the third and final section examines what the personal experiences of gamers can tell us about how humans experience reality instructors considering this book for use in a course may request an examination copy [here](#)
