elias j bickerman who passed away a quarter of a century ago was one of the twentieth century s
great historians of the ancient world his innovative genius and breathtaking erudition are evident

in his writings many of which are now considered classics bickerman s contributions to the history of ancient judaism and early christianity remain particularly significant but his three volume collection studies in jewish and christian history has been out of print for some time thus the publication of this new edition of studies now entirely in english along with bickerman s most famous book the god of the maccabees is designed to bring bickerman s central studies on ancient judaism and early christianity to a new generation of students and scholars

how should thoughtful christians especially historians and missiologists make sense of global christianity as an unfolding historical movement highlighting both the continuity and the diversity within the christian movement over the centuries this comprehensive resource from scott sunquist offers a framework for how to read and write church history

cover half title title copyright contents preface 1 transforming memory into literary narratives about the past 2 shaping history in the 1st and 2nd centuries ce in its literary culture 3 conceptualizing time in historiography epilogue list of abbreviations notes bibliography index of ancient sources index of subjects a b c d e f g h i j k l m n o p q r s t u v w z index of authors and people a b c d e f g h i j k l m n o p q r s t v w x z

a major new introduction to the global history of christianity written by one of the world s leading theologians and author of numerous bestselling textbooks provides a truly global review by exploring the development of christianity and related issues in asia latin america and africa and not just focusing on western concerns spanning more than two millennia and combining elements of theology history and culture it traces the development of all three branches of christianity catholic protestant and orthodox providing context to christianity s origins and its links to judaism looks beyond denominational history at christianity s impact on individuals society politics and intellectual thought as well as on art architecture and the natural sciences combines mcgrath s acute historical sensibility with formidable organizational skill breaking the material down into accessible self contained historical periods offers an accessible and student oriented text assuming little or no advance theological or historical knowledge on the part of the reader
