hot straight and normal is a submarine bibliography with over 6000 references to books videos articles and internet sources it is designed to assist reseachers historians students teachers collectors and others with an interest in submarines their history construction and use in wars worldwide it s unique format of listing the books by title will assists the researcher and casual reader alike in finding or searching for familiar words and subjects fiction book titles are also included each listing contains title author date published publisher page count isbn number and other informative descriptions if known this is the only submarine bibliography currently in publication the article index includes all articles in all issues of naval submarine league s submarine review and naval institute s naval proceedings magazine there are sites and other internet sources listed and even information on obtaining more information through the freedom of information act also included is how to find materials inside government archives collected and edited by a former u s submariner and member of u s submarine veterans inc

in 2009 three us professors with access to adolf hitler s alleged remains startled the world with scientific dna proof that the skull and bones that russia had claimed since the end of world war ii were hitler s actually belonged to a middle aged woman whose identity remains unknown this announcement has rekindled interest in the claim made by joseph stalin maintained to the end of his life that hitler got away the truth is that no one saw hitler and eva braun die in the bunker in berlin on april 30 1945 no photographs were taken to document claims hitler and evan braun committed suicide hitler s body was never recovered no definitive physical evidence exists proving hitler died in the bunker in berlin dr jerome corsi explores the historical possibility that hitler escaped nazi germany at the end of world war ii fbi and cia records maintained at the national archives indicate that the us government took seriously reports at the end of world war ii that hitler had escaped to argentina more recent evidence suggests hitler may have fled to indonesia where he married and worked at a hospital in sumbawa even the chief of the us trial counsel at nuremburg thomas j dodd was quoted as saying no one for sure can say adolf hitler is dead putting massive amounts of evidence and research under a critical eye dr corsi shows that perhaps modern history s most tantalizing question has yet to be

definitively answered did hitler escaped nazi germany at the end of world war ii to plot revenge and to plan the rise of the fourth reich skyhorse publishing as well as our arcade imprint are proud to publish a broad range of books for readers interested in history books about world war ii the third reich hitler and his henchmen the jfk assassination conspiracies the american civil war the american revolution gladiators vikings ancient rome medieval times the old west and much more while not every title we publish becomes a new york times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home

starting weeks after hitler declared war on the united states in mid december 1941 and lasting until the war with germany was all but over 73 german u boats sustainably attacked new england waters from montauk new york to the tip of nova scotia at cape sable fifteen percent of these boats were sunk by allied counter attacks five surrendered in the region and three were sunk off new england block island massachusetts bay and off nantucket these have proven appealing to divers with a result that at least three german naval officers or ratings are buried in new england one having killed himself in the boston jail cell there were 34 allied merchant or naval ships sunk by these subs one of them the eagle was not admitted to have been sunk by the germans until decades later over 1 100 men were thrown in the water and 545 of them made it ashore in new england ports 428 were killed importantly saboteurs were landed three places long island frenchman s bay maine and new brunswick canada and boston was mined very little was known about this

submariners are a tight knit group of men bound together by training and experience and with a language all their own that language is perhaps a little vulgar but never intentionally demeaning and a little irreverent but still worldly this work is an attempt to preserve and explain some of these curious guys who so proudly wear a shiny metal pin that looks like a strange pair of fish on their left breast this process of accumulating this new language begins in boot camp and is added to with every change of duty station the sailor undergoes it is heard aboard the boats and unknowingly by family members who can t understand terms like head deck and overhead and who think sos is a distress signal

volume two from a set of two volumes set approx 650 pages with hundreds of photos and documents published by times square press timessquarepress.com new york author s website maximilliendelafoyettebibliography.com this book is the most authoritative documented and convincing book on hitler s escape from berlin to argentina packed with testimonies affidavits and statements by insiders the bunker s survivors and american russian and french intelligence agents astonishing revelations and powerful testimonies which will convince even the most ardent skeptics that indeed hitler escaped from his bunker and lived in argentina with his ss entourage until his death in 1965

the german navy both before the war and throughout the years of fighting was heavily outnumbered by the navies of great britain and the united states nonetheless it proved to be serious thorn in the sides of its adversaries the u boat war in the north atlantic threatened the very liberation of europe while the major warships posed a constant threat to the allied shipping lanes this important reference book is an indispensable guide to the ships organisation command and rank structure and leaders of the kriegsmarine and helps explain why it was such a potent force a detailed text augmented by photos maps and diagrams studies the german navy from the treaty of versailles to the collapse of the u boat offensive and the demise of the third reich after covering the background organisation and naval bases the author gives detailed descriptions of all the classes of ship from the battleships to motor torpedo boats and minesweepers the officers and sailors are covered along with their uniforms and awards and insignia biographies of notable personalities and a chronology of the main naval events are included as well as appendices and a select bibliography based on the author s 1979 title the german navy in world war two this is a classic work of reference for a new generation of readers

on a dark night in may 1945 a pregnant woman is spirited out of europe on a u boat now more than five decades later proof has been found by white house aide ted scott that the silent but central architect of the resurgence of neo nazism in the united states is adolf hitler s daughter suspected sharon franklin an ambitious attractive and nationally known tv anchorwoman she is rumored to have been the bedmate of the secretary of state congresswoman leona crawford gordon ruthless and a strong contender to become the first woman president or vice president of the united states and susan benedict wife of the incumbent vice president

in a dangerous and explosive race against time ted scott travels back to that dark night in 1945 to discover who is hitler s daughter

the second and final volume of the definitive account of the german submarine war acclaimed on its publication in 1997 should become the standard history of the unterseeboote washington post volume one of clay blair s magnum opus is here followed by volume two the hunted covering 1942 45 in this volume the fortunes of the german navy are completely reversed due in no small part to allied codebreaking and they suffer perhaps the most devastating defeat of any of the germany forces destroying their submarine service entirely blair has been at work on this history for nine years since the british and american governments began to release official wwii records in the 1980s blair himself served in submarines in combat in wwii he chronicles the u boat war with authority fidelity objectivity and extraordinary detail he also writes vivid and dramatic scenes of naval actions and dispassionate but startling new revelations interpretations and conclusions about all aspects of the battle of the atlantic

hitler s visitors in argentina from 1945 to 1965 volume 2 from a set of 2 volumes published by times square press r new york berlin an extraordinary book

hitler's visitors in argentina from 1945 to 1965 volume i from a set of 2 volumes published by times square press new york berlin an extraordinary book

last 20 years of hitler in argentina and his visitors from 1945 to 1965 two volumes in one this documented book is based upon military interrogations

over the last 30 years hydrographical marine surveys in the english channel helped uncover the potential wreck sites of german submarines or u boats sunk during the conflicts of world war i and world war ii through a series of systemic dives nautical archaeologist and historian innes mccartney surveyed and recorded these wrecks discovering that the distribution and number of wrecks conflicted with the published histories of u boat losses of all the u boat war losses in the channel mccartney found that

some 41 were heretofore unaccounted for in the historical literature of world war i and world war ii this book reconciles these inaccuracies with the archaeological record by presenting case studies of a number of dives conducted in the english channel using empirical evidence this book investigates possible reasons historical inconsistencies persist and what allied operational and intelligence based processes caused them to occur in the first place this book will be of interest to scholars and researchers in the fields of nautical archaeology and naval history as well as wreck explorers

a revised edition of an account of peacetime submarine disasters from 1774 to the present day previously published in 1991 examines the development of the submarine from experimental stages in the late 18th century to the present day and provides details of all disasters ever reported

never before published firsthand accounts of under sea action presented with a summary of torpedo tactics illustrate how a submarine s crew can hit a target trying to avoid being hit legendary figures in american submarine history come to life in actual logs of undersea warfare and in accounts of sailors who were in the van of torpedo tactics development the technology is explained in detail showing how american subs have been so successful in their hundred year history outlandish gags and pranks of submarine skippers are included showing just how brazen this elite group of super competent sailors could be the reader travels through world war ii and the cold war as submarines and torpedoes enter the nuclear age the book is filled with diagrams and illustrations

i thought that this was going to another of those books puffing up the american side of wwii it most certainly isn t k a nelson tells an interesting story illuminating a theatre of the north atlantic campaign that has been comparatively neglected and he tells it well recommended the naval review it is january 1942 six weeks after the united states entered world war ii imperial japan is annihilating american forces across the far east while the nazis stand triumphant over much of europe adolf hitler s forces are about to commence an assault along the east coast of the united states but this atlantic pearl harbor would prove far more devastating than japan s attack on hawaii the wolves are closing in and few americans realize their beaches and coastal cities

are about to witness the worst naval defeat in american history the western hemisphere holds the key to victory for the beleaguered allies but only if the vast economic and military resources of north and south america can be carried across the atlantic by allied merchant ships these civilian manned cargo vessels are the backbone of the american war economy and the lifeline enabling britain and the soviet union to survive but hitler s favorite admiral also knows this and he has set in motion a plan of unprecedented boldness germany s dreaded submarines or u boats are going to the united states the fiery months that followed would pit american servicemen against german u boat sailors in a desperate struggle that stained east coast waters with oil and blood in the crosshairs of this deadly cat and mouse game was a stalwart contingent of civilian mariners who crewed the tankers and freighters supplying the war against the axis powers thousands of them would perish as hundreds of merchant ships were sunk every american coastal state became a battlefield in 1942 and the events that transpired off new jersey illustrate the perils and brutality of this forgotten campaign the seafloor along the garden state is today strewn with shipwrecks that bear witness to the innumerable ways to die faced by friend and foe alike only miles from the boardwalk though these seafarers lives were forfeit the battle they fought would decide the fates of millions

in an era of changing ethics the submarine has inaugurated a new type of unrestricted naval warfare

the comprehensive reference to peacetime submarine disasters updated with now declassified cold war events the kursk tragedy and more this is the fully revised and updated edition of the first comprehensive account of every peacetime submarine disaster from 1774 to the twenty first century tragedy of the kursk by examining many of the sinkings in considerable detail analyzing what went wrong and describing the attempts made to rescue the crew and the vessel edwyn gray traces the development of the submarine from the earliest experimental submersibles of the late eighteenth century to the nuclear powered monsters of today the appendices include the most comprehensive and accurate list of submarine disasters ever printed in the compilation of which the author has had the cooperation of the us french italian danish and japanese navies as well as the rn submarine museum and the german u boat archive an invaluable reference book for naval historians and also a most fascinating read for the layman journal of military and veterans health published in a previous edition as few survived

If you ally habit such a referred **U Boat 977** book that will come up with the money for you worth, get the utterly best seller from us currently from several preferred authors.
