essay on the role of socialist ideology and the human factor in the economic development of china in the light of the social movement for cultural change provides a detailed exposition and analysis of how through the cultural revolution an attempt is being made to shape chinese society in the image of communist ideals rather than to let communist ideals be overwhelmed by the pressures of traditional social structure references

this is the first book length treatment of the life and thought of the communist intellectual a l morton 1903 1987 who pioneered studies of utopianism radical history and english national identity morton is now best known for a people s history of england 1938 and the english utopia 1952 but his output was vast and he was once widely read in socialist circles and beyond he published on the english revolution chartism the emergence of the british labour movement the legacy of utopianism in working class movements arthurian legends shakespeare the brontë sisters robert owen william morris millenarianism imperialism and much more through extensive archival work including recently released secret service files and a close reading of morton s publications this book shows how morton was a key influence on the famed generation of british marxist historians associated with the postwar communist party historians group often anticipating their more celebrated findings this book analyses the interrelated significance of morton s political work and his role within the communist party of great britain at crucial points in its history the book further functions then as a story of english socialism and communism during the cold war

in 1960s turkey the armed forces and the radical leftist movement provided two very dynamic but very different political forces however somewhat surprisingly the majority of radical leftists believed in the revolutionary potential of the armed forces in overthrowing the current regime and replacing it with a quasi socialist one this book considers the changing perspectives of the radical leftist movement towards the political role of the military in turkey using a textual analysis of different leftist groups including the communist party of turkey ozgur mutlu ulus describes the development of the leftist movement in turkey after the 1960 coup and explains why most leftists chose to encourage a military revolution which they hoped would bring about the triumph of socialism in turkey

former speaker of the house newt gingrich sounds the warning bell that communist ruled china poses the biggest threat to the united states that we have seen in our lifetime the united states is currently engaged in a competition with the chinese government unlike any other that we have witnessed before this is a competition between the american system which is governed by freedom and the rule of law and a totalitarian dictatorship that is controlled by the chinese communist party these are two different visions for the future one will succeed and one will fail it is possible for america to respond to the chinese communist party s efforts but doing so will require new thinking many big changes and many hard choices for our leaders in government and private sector newt gingrich s trump vs china serves as a rallying cry for the american people and a plan of action for our leaders in government and the private sector written in a language that every american can

understand but still rich in detail and accurate in fact trump vs china exposes the chinese communist party s multi pronged threat against the united states and what we must do as a country to survive
